

## **VIENNA POLICE HIGHLIGHTS**

**April 3, 2020**

The following summary contains various incidents of general interest as well as vehicular crashes handled by the Town of Vienna, Virginia Police Department from **March 27, 2020 – April 2, 2020**. Readers are reminded that an “arrest” is based upon probable cause and does not always mean that someone was physically taken into custody. Furthermore, it does not mean that an individual is automatically guilty of a crime. Judicial outcomes and post-arrest proceedings can be researched through the appropriate court’s website.

(VIENNA POLICE HIGHLIGHTS is not meant to be a listing of every incident or call handled by the Vienna Police, but merely a more substantive summary of several incidents, which may be of interest to the community. Some reports may be outside the date parameters due to extended investigations or other circumstances. Some cases are not included at all due to ongoing investigations. ### **Operations Modifications in Response to COVID-19**

March 18, 2020

In the interest of public safety for our residents, businesses, and visitors, the Vienna Police Department has modified its operations to increase social distancing and reduce the chance of spreading the COVID-19 virus.

This modified operation entails taking certain police reports for relatively minor and non-violent crimes by telephone. These will be cases where there is no need for evidence collection, not a crime in progress, but the incident still needs to be documented.

If you are calling to file a police report, Communications personnel will ask you questions to help determine if your call meets the criteria for a telephone follow-up and if so, you may be advised that an officer will call you back to assess the need to respond in person or complete the report via telephone. If you feel that an officer is required, you may make that request, and an officer will respond. The incident report over the telephone will go into the same records management system and will be tracked the same as if an officer responded.

If a police officer responds to your location, please be prepared to step outside to meet the officer to encourage social distancing and avoid the spread of the virus.

By using telephone reporting, you will help us limit exposure. We thank you for your understanding and support as we continue to maintain our mission of providing a safe community for all of our citizens, businesses, and visitors.

Out of an abundance of caution, we have also suspended some low priority services, which include: Ride-Along, PIO public engagements, VIN verifications, and child safety seats installations. Access to our police lobby will be restricted to immediate police assistance only. We do encourage our citizens to call the police department with questions at 703-255-6366 instead of visiting our lobby.

The Vienna Police Department continues to remain staffed, operational, and ready to respond to all emergencies, in-progress incidents, and priority calls. Day and night patrols remain at full strength, so you should not hesitate to call for assistance.

The process of handling some calls for service over the phone and limiting other services is temporary and will be continually reevaluated in the coming weeks.

Thank You,  
Chief Jim Morris

### **Reminder**

### **Prevention of Stolen Vehicles/Vehicle Tamperings**

With the advent of warmer weather, the Town of Vienna Police Department would like to remind all Town of Vienna residents to secure their vehicles and personal belongings. Recently there have been several vehicle tamperings to include stolen vehicles from Vienna and the neighboring jurisdictions.

The Vienna Police Department would like to remind citizens of the following steps to assist in the prevention of your vehicle being tampered with or stolen:

#### **Lock your Car Doors.**

The majority of the vehicles being entered and/or stolen have been unlocked.

#### **Remove all Valuables.**

In most cases, the subjects responsible for these acts have been targeting vehicles which contain valuables such as, but not limited to, laptop computers, GPS's, pocketbooks/purses, loose change, cameras, etc. If you must leave valuables in your vehicle, please be sure to conceal the items, in the trunk, under the seats or use any other means to make them undetectable. Also, make sure to record all serial numbers, and if possible, engrave them or permanently mark the items with easily identifiable markings, in the event the items are recovered.

#### **Remove all Keys.**

The subjects who commit these crimes are aware that most new vehicles come with valet keys. Most of these keys are kept inside the vehicles, either in the center consoles, or the glove compartments or other areas easily accessible. In some instances the owners have left their keys rings containing their house keys, providing access to their homes.

#### **Report Suspicious Activity**

In some cases, the subjects have been observed wearing several layers of clothing, not consistent with the weather conditions. This is used to conceal stolen items and also to make identification difficult as they will shed layers of clothing as they flee the area when they suspect they have been observed committing a crime.

The Town of Vienna Police Department is dedicated to the safety and protection of all persons and property in the Town of Vienna. However, much of our success comes from the assistance of its concerned and observant residents.

**\*\*A reminder to secure your vehicles and remove all valuables! \*\*  
Even if your vehicle is parked in your driveway, please secure all windows and doors and remove all valuables.**

### **Vienna Police Department Construction Project Updates**

Updates about the police department construction project will be posted regularly to the “Police Department Renovation” page, located under the Police Department section, at [viennava.gov](http://viennava.gov), or follow the below link.

\*\* As we move forward with designing and ultimately constructing a new facility, Chief Morris is committed to keeping the Vienna community informed and involved in the process. To begin that effort a link has been established on the police department page of the Town of Vienna website (<https://www.viennava.gov/index.aspx?NID=1225>), and we will be providing regular updates about the process in these Highlights.

**Citizens are reminded to PLEASE call and report suspicious activity. Even if you choose not to provide your name or other personal information, we still need your help as extra eyes and ears in the community.**

**See or Hear Something? Say Something!  
We WANT to be Bothered! Call 9-1-1.**
