

VIENNA POLICE HIGHLIGHTS

February 28, 2020

The following summary contains various incidents of general interest as well as vehicular crashes handled by the Town of Vienna, Virginia Police Department from February 21, 2020 – February 27, 2020. Readers are reminded that an “arrest” is based upon probable cause and does not always mean that someone was physically taken into custody. Furthermore, it does not mean that an individual is automatically guilty of a crime. Judicial outcomes and post-arrest proceedings can be researched through the appropriate court’s website.

(VIENNA POLICE HIGHLIGHTS is not meant to be a listing of every incident or call handled by the Vienna Police, but merely a more substantive summary of several incidents, which may be of interest to the community. Some reports may be outside the date parameters due to extended investigations or other circumstances. Some cases are not included at all due to ongoing investigations. Please contact Ruth Rohr for further information at Ruth.Rohr@viennava.gov)

MEDIA RELEASES

Town of Vienna, Virginia Police Department Media Information Release

Reminder

Prevention of Stolen Vehicles/Vehicle Tamperings

With the advent of warmer weather, the Town of Vienna Police Department would like to remind all Town of Vienna residents to secure their vehicles and personal belongings. Recently there have been several vehicle tamperings to include stolen vehicles from Vienna and the neighboring jurisdictions.

The Vienna Police Department would like to remind citizens of the following steps to assist in the prevention of your vehicle being tampered with or stolen:

Lock your Car Doors.

The majority of the vehicles being entered and/or stolen have been unlocked.

Remove all Valuables.

In most cases, the subjects responsible for these acts have been targeting vehicles which contain valuables such as, but not limited to, laptop computers, GPS's, pocketbooks/purses, loose change, cameras, etc. If you must leave valuables in your vehicle, please be sure to conceal the items, in the trunk, under the seats or use any other means to make them undetectable. Also, make sure to record all serial numbers, and if possible, engrave them or permanently mark the items with easily identifiable markings, in the event the items are recovered.

Remove all Keys.

The subjects who commit these crimes are aware that most new vehicles come with valet keys. Most of these keys are kept inside the vehicles, either in the center consoles, or the glove compartments or other areas easily accessible. In some instances the owners have left their keys rings containing their house keys, providing access to their homes.

Report Suspicious Activity

In some cases, the subjects have been observed wearing several layers of clothing, not consistent with the weather conditions. This is used to conceal stolen items and also to make identification difficult as they will shed layers of clothing as they flee the area when they suspect they have been observed committing a crime.

The Town of Vienna Police Department is dedicated to the safety and protection of all persons and property in the Town of Vienna. However, much of our success comes from the assistance of its concerned and observant residents.

****A reminder to secure your vehicles and remove all valuables! **
Even if your vehicle is parked in your driveway, please secure all windows and doors and remove all valuables.**
