Two emergency contacts other than the parents or guardians must be listed on each child's registration form before a child will be accepted to the program. Emergency contacts must be within a 15 minute drive of the camp site during program hours. One of these emergency contacts will be called if a parent or guardian cannot be reached to pick up the child in the event of an emergency. If a child is not picked up within 15 minutes of the close of the program and a parent or guardian cannot be reached, emergency contacts will be called to pick up the child.

### **Management and Administration**

#### **POLICIES**

This program is for rising kindergarteners through age 11. If children are found to be outside the age requirements parents will be notified and the child will be withdrawn from the playground program, and **no refund will be given**. This is not a daycare program. The coming and going of the participant is the responsibility of the parent. Please indicate on the form if your child walks, bikes, or carpools. If your child is allowed to arrive and dismiss from the playground program at his/her own discretion, we must have your written permission for them to do so. This includes children who walk or ride bikes to the playground program. Please notify the playground leaders in writing if someone other than individuals listed on the emergency sheet will be picking up your child. The counselors are not responsible for the children prior to the start or once they leave the playground camp.

\*The Recreation Department does not provide accident insurance. Payment for medical services as a result of an accident/injury is the responsibility of the parent. An emergency information sheet needs to be completed for each child. You must return this sheet to the staff the first day the child attends the playground.
