

**Town of Vienna Walkabout Series: Vienna Public Art Walkabout (~3 miles)**

What a better way to explore everything we love about Vienna—from parks to historic sites to retail to restaurants—than by foot! TOV Walkabouts are supported by the Town residents on the Pedestrian Advisory Committee as a way to encourage town exploration and promote walkability. This Walkabout is a tour to introduce and explore Vienna’s outdoor accessible public art highlighting community ideals including conservation and sustainability as well as inspirational and aspirational growth.

**“Public art, in all its diversity, can mediate all spaces and Places.” - Public Art Pioneer John Newling**
