Subject: ***Vienna Annex***
Public Engagement Summary and Recommendations
Town of Vienna, VA

INTRODUCTION

The Town of Vienna is engaging in a study to primarily identify a long-term use for a recently purchased property in the center of town at 301 Center Street S. The study will also serve as a tool to identify the interim use for the site.

The subject property is the former Faith Baptist Church located at 301 Center Street, South, Vienna, VA (the "Annex"). The church ceased operations in September 2020 and the approximately 3-acres of land was acquired by the Owner. The Town commissioned a separate study to identify costs of necessary improvements to the existing building. That study resulted in identification of improvements needed for occupancy including a fire-sprinkler system and new HVAC-system. The Town further independently determined that a new roof may be required. The anticipated cost of these items was cited at the time as approximately $1.0-million USD.

Prior to making any investments to improve the building or the site, the Town wisely opted to initiate this study to help understand what a long-term outlook for the property might be and how that long-term outlook influences near-term decision-making and spending.

As a part of this study, Kimley-Horn, working as part of the Kimmel Bogrette team, designed and launched a robust community engagement plan to understand the communities wants and needs for the site and to provide education to the community about site constraints. The feedback received by the community is intended to be used as part of the identification and further study of potential future land uses for the site.

PURPOSE

The purpose of this memorandum is to provide an overview of the public engagement effort undertaken to collect community feedback, provide a high-level summary of the feedback and emerging themes, and present Kimley-Horn's recommendation and impression with respect to the next steps of the feasibility study.

ENGAGEMENT STRATEGY

Kimley-Horn designed an engagement strategy centered around the ideas of informing, consulting, collaborating, involving, and supporting the community. The ideas are further outlined below:

- **Inform** – Putting out information about the site, the constraints, and the process to reach a common and foundational understanding
- **Consult** – Questioning stakeholders about their wants, needs, desires, and curiosities
- **Collaborate** – Two-way engagement with joint learning, decision-making, and partnership
- to understand unmet needs in the Town and envision the future
- **Involve** – Two-way engagement that makes the stakeholders and community part of the process, but focuses their responsibilities to a few key asks
- **Support** – Providing tools, skills, and professional expertise to the community so they can express their perspective and have all the necessary information to make an informed decision or understand the decision-making process.

Engagement opportunities were designed to collect both qualitative and quantitative input by providing opportunities for the community to provide feedback both in-person and virtually. The specific engagement strategy for this study consisted of:

- A community perspectives questionnaire,
- Two-on-Two council member listening sessions,
- 1 interdepartmental Leadership meeting.
- Two (2) public workshops/meetings

The key goal of the of this process was to understand the perspectives and values of the community through public participation while managing expectations about the feasibility of the Annex Site through educating the public and stakeholders.

ENGAGEMENT OVERVIEW AND FINDINGS

A high-level summary of emerging themes and land uses that were suggested for future study is provided below.

Emerging Themes:

- Vienna as a fiscally responsible government and strategic decision-making
- Uniquely Vienna & maintaining the “small town” feel
- Vienna as an active community
- A place for all, with tailored activities for some
- Fulfilling a missing or underserved need
- Sustainability, open space, and outdoor programming as core instead of additive
- Understand the process to buy into the outcome

Community Perspective Questionnaire

The Kimley-Horn team design and launched an online community perspective questionnaire to understand community perspectives and unmet needs to better inform the study process. The questionnaire consisted of 8 questions and was oriented to help the team understand attitudes and perspectives on the types of land uses that are valued or needed in general as well specially at the site. The questionnaire was open from March 7, 2023 to May 1, 2023. A total of 1,204 respondents completed the survey. A high-level summary of respondent demographics is shown in Table 1. A copy of the questionnaire is included as **Attachment A** to this document. A copy of the full survey responses is included as **Attachment B.**

The survey was designed to collect information from participants on what types of activities they enjoyed participating in within the Town, what activities or uses they place the highest value on, and any needs that weren't currently being met by the Town. Summarized findings are provided below and in the graphics on the following page.

[1]The 148 "unknown" survey respondents were either not able to and/or chose not to answer the question asking if they were a Vienna town resident. Based off the responses to the "proximity to the site" question, the Kimley-Horn team assumed that any respondent that lived within a half-mile of the site was a town resident.

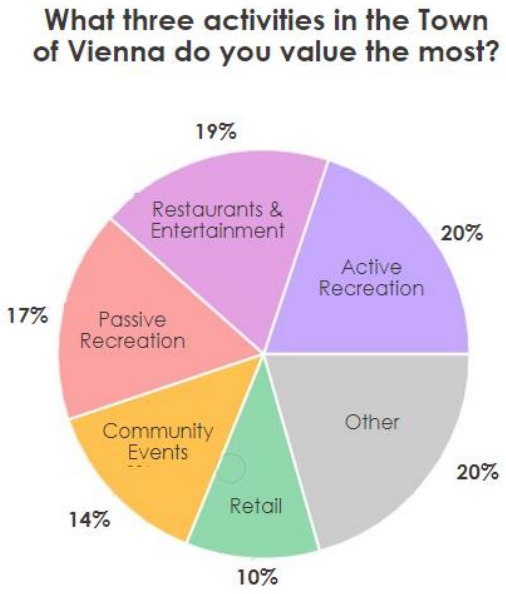

Figure 1: Activity Priorities

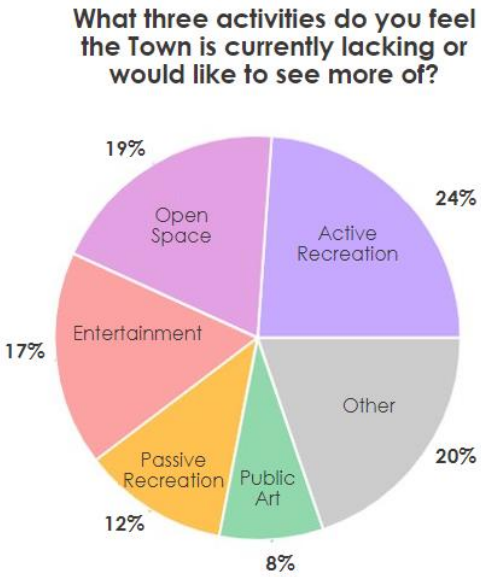

Figure 2: Vienna Activity Needs

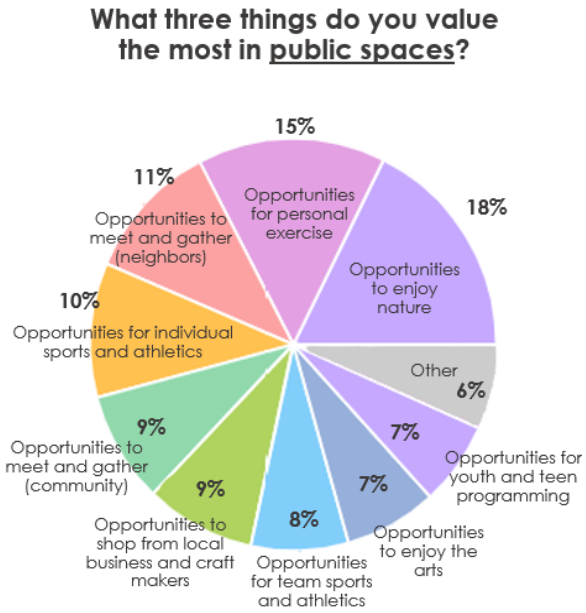

Figure 3: Public Space Priorities

Participants were asked to share what activities they valued the most and what activities they felt were either lacking or that they wanted to see more of in town. While there were a wide variety of responses, several themes in values and wants emerged. As shown in **Figures 1 and 2**, respondents showed a strong preference for active recreation, passive recreation and open space, and restaurants and entertainment. **Figure 3** demonstrates what respondents value the most in public spaces. The responses to this question indicated a preference for opportunities to enjoy nature, opportunities for personal exercise, and opportunities to meet and gather, both with neighbors and the community at large.

Participants were also prompted to share what land uses they wanted the Project Team to evaluate as part of the study. The responses to that question, demonstrated by **Figure 4**, indicated a strong preference for an age- and ability-inclusive space that is available to all community members. Active recreation, which includes uses such as a pool and courts, and space to gather as a community were among the common responses.

Figure 4: Survey Participants Word Cloud: "What types of uses should the Study team evaluate as part of this long-term use study for the Annex Site?"

The feedback collected from the questionnaire informed the project team on community values and wants. As discussed above, the input received from participants was used to identify several emerging themes which are outlined below.

- Emerging Themes
  - A place to be physically active, through both active recreation and leisure activities
  - A community space that allows people to gather
  - Inclusive of all age groups
  - A space for people to experience entertainment

The project team asked respondents to share what land uses they wanted the project team to consider for the future of the Annex Site. The suggested land uses were compiled into a comprehensive list and are outlined below.

Dominant Land Uses to Consider:

- Active recreation
  - Exercise/fitness facility
  - Indoor rectangular courts
  - Aquatics center
  - Outdoor pool
- Community center with meeting space
- Event space
- Open space
  - Park
  - Outdoor rectangular courts
  - Athletic fields

2 on 2 Council Member Listening Sessions

Kimmel Bogrette and Kimley-Horn held listening session with councilmembers to better understand their perspectives on the site. Parks and recreation staff participated in these listening sessions. A high-level summary of emerging themes and land uses from each meeting is as follows:

Councilmembers Potter and Springsteen

- Emerging Themes:
  - Messaging questionnaire as an opinion poll versus statistical survey
  - Use the process to manage expectations
  - Think about uses that complement instead of duplicate or compete with existing uses
  - Long-Term use plan needs to be backed by a funding plan
- Land Uses to Consider:
  - Aquatics (indoor or seasonal pool)
  - Classroom facilities / Multipurpose rooms
  - Fitness Facility
  - Indoor recreation and/or practice facilities
  - Soccer, lacrosse, pickleball spaces
- Questions to consider:
  - Cost for the current building. Costs to maintain as is and costs to bring up to code
  - What additional tax impacts would be needed to construct and operate/maintain the land use
  - Are there advantages to keeping the gym on site

Councilmember Patel

- Emerging Themes:
  - Broad advertisement of the questionnaire is critical for engagement. We need to make it simple to access and complete
  - Important to encourage more participation in this process and think about ways to hear from underrepresented groups (possibly middle-aged, married with children residents)
  - important to understand who is providing input (residents versus visitors)
- Land Uses to Consider:
  - Aquatics (indoor pool)
  - Sport complex for all residents
  - Pickleball courts
  - Public/private partnership for boutique retail, one-of-a-kind shops, or local brewery
  - Office space / Multipurpose rooms – in combination with another use on the site
  - Fitness Facility (gym, weight room)
- Questions to consider:
  - What land uses can be used by all ages and abilities.

Kimley»Horn

Councilmember Anderson and Town Manager Payton

- Emerging Themes:
  - There is not one obvious use for this site
  - We need to educate the community of what is possible and what it will cost
  - Vienna has a strong small-town energy in an urban environment. Rather than copy other towns, we should think about what makes Vienna Unique and build off it.
  - Identify the most important unmet need in the town and determine if this site can fulfill the need
  - Quality and design of architecture will be a key element. Height and sound buffering will similarly be critical
- Land Uses to Consider:
  - Aquatics (public pools and with a unique twist – slides, water play features)
  - Senior Facility
  - Fitness/Exercise
  - Meeting Rooms
  - Ball fields
  - Hotel options / conference center
  - Office space / Multipurpose rooms – in combination with another use on the site
- Questions to consider:
  - Could the site serve as a business incubator
  - How would parking work on the site and is shared parking an option

Mayor Colbert and Councilmember Brill

- Emerging Themes:
  - Make sure engagement touches on stakeholder groups like Vienna Moms, religious centers, non-profit groups – we don't want to leave anyone out
  - Need to make sure that people understand the constraints to the site; we don't want to get hopes up.
  - Look into similar, successful towns and what they have to offer; what is Vienna missing that those successful places have.
  - Discounted access for town residents (for facilities that charge a fee)
  - The site needs to augment what makes the Town of Vienna special.
- Land Uses to Consider:
  - Theatre/Auditorium
  - Aquatics (training pool) in combination with another use (fitness)
  - Senior Facility
  - Fitness/Exercise/sport facilities (walking track, volleyball, basketball)
  - Minigolf and/or large size lawn games
  - Rectangular Ball fields
  - Indoor Pickleball
- Questions to consider:
  - Vienna has a wide range ages and new families and diverse group of residents; how can we involve them in this process
  - How to mitigate noise for residential neighbors
  - What are the current waitlist for sports and summer camps

Interdepartmental meetings

Kimmel Bogrette and Kimley-Horn held listening session with the leaders of various town departments to better understand their perspectives on the site. Participating departments included:

- Information technology
- Economic Development
- Public Works
- Planning and Zoning
- Finance
- Public Information
- Police
- Parks and Recreation
- Town Manager

A high-level summary of emerging themes and land uses from each meeting is as follows:

- Emerging Themes:
  - We shouldn't be constrained by current finances or approaches. There are alternate funding strategies that can be explored (raise taxes, sell property,
  - People want interesting things to do in town.
  - We need to be mindful of keeping the small town feel with any concept.
  - This site is of high visibility/importance to main community members
  - Parking will be a problem, but this is a townwide issue. We need a strategic parking plan.
  - Temporary often becomes permanent so we need to be mindful of recommending any temporary uses
  - We need to think about how the new site can make Vienna a tourist destination and tell the story of Vienna
- Land Uses to Consider:
  - Combined Town Hall / Recreation Facility
  - Parking
  - Fitness/Exercise + coffee bar
  - Civic Center with meeting space for business and events
  - Rentable pavilion w/ fully equipped kitchen and incubator space
  - Pop-Up retail space
  - Community garden
  - Athletic Fields
- Questions to consider:
  - We need to understand fully loaded costs (O&M, Liabilities, etc.)
  - How can we future proof any idea so that it will be used as we envision
  - How can we leverage the police station as a neighbor
  - Could we sell the property to fund other pursuits

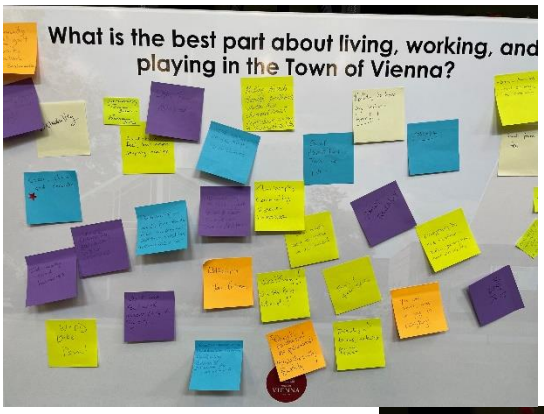
Workshops

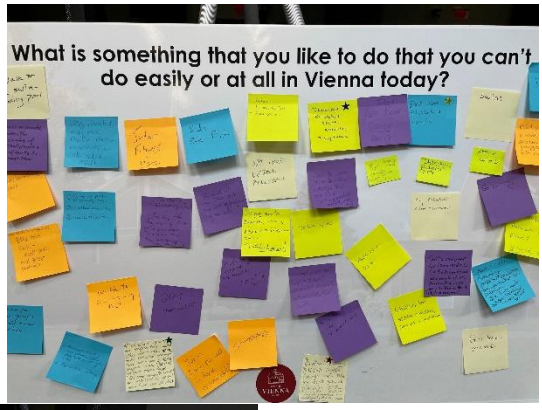
Key questions that the team explored during public workshops include:

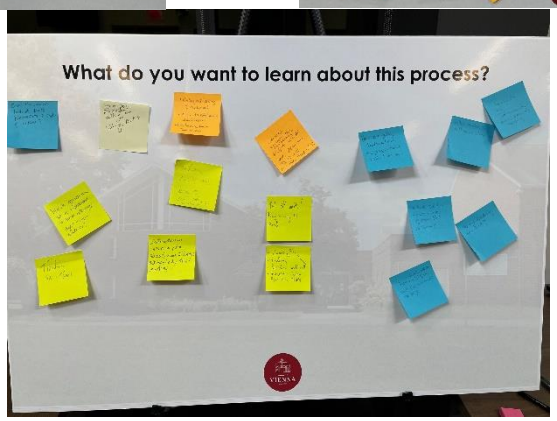
Workshop #1

The first public workshop was held on Tuesday March 28, 2023, in the Vienna Police Department community room. The Project Team presented an overview of the project and lead three (3) engagement activities that were designed to solicit public feedback on what the wants and needs of the town are.

- "In Your Words" Activity
- "Vienna Values" Activity
- "The Perfect Fit" Activity





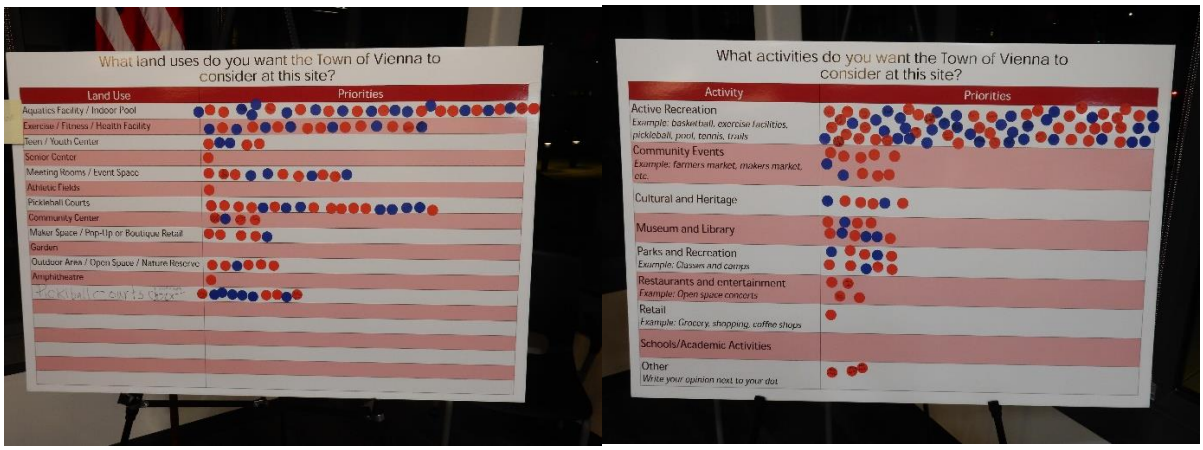


"In Your Words" Activity

The activity focused on gaining open ended feedback to allow community members to form their own responses without guidance aside from the question itself. The activity was intended to begin the process of teaching individuals to view the potential of the Vienna Annex site as an opportunity to extend the uniquely Vienna community, while adding a new value. Participants were asked to answer the questions on a sticky note for each board in an open ended, free form platform. The activity emphasized the community wants, values, and interests.

- Emerging Themes
  - Include ALL groups in the discussions and process
  - Emphasis and meet the need on livability and walkability
  - Maintain a small town feel with accessibility to big city resources
- Land Uses
  - Pickleball
  - Gym Space (indoor and outdoor)
  - Skatepark / roller rink
  - Movie theater

- Teen / kids facilities Some notable responses included:
  - What is the best part about living, working, and playing in the Town of Vienna?
    - “Everything in one location”
    - “Small town feel with accessibility to big city”
  - What is something that you like to do that you can’t do easily or at all in Vienna today?
    - “Go swimming”
    - “Play pickleball without access limitations”
    - “Watch a movie”
  - What do you want to learn about the process?
    - “How is funding handled?”
    - “How to influence decision?”
    - “Who makes the ultimate decision?”



“Vienna Values” Activity

This activity focused on the types of activities and types of development valued by the individual and the community. . Participants were asked to place a red sticker on the activity and land use valued the highest as individuals and then place a blue sticker on the activity and land use the community would value the most. This allows the design team to not only see if individuals value the same activity and/or use, but also determine if individual and community values align.

- Emerging Themes
  - For activities as individuals’ active recreation and community events are valued, but as a community pools and museums are valued
  - For land uses as individuals pickleball courts and pools are most valued, while with community mindset pools then pickleball courts are most valued
- Land Uses
  - Community feedback focused on outdoor and/or active uses. The priority uses are pool, pickle ball, and fitness facility.

"The Perfect Fit" Activity

This activity encouraged participants to bring to life the land uses they value or desire within the Town of Vienna. The activity enabled community members to imagine their ideal site, while understanding the constraints that will be met in development. Participants were asked to use scaled land use blocks to determine the feasibility of their design on a scaled aerial of the Vienna Annex site. Constraints included required parking with associated uses, estimated setbacks, and site coverage limitations. The activity allowed participants to understand that although the values of individuals and the community are weighted heavily in the decision for the Vienna Annex site, there are physical and jurisdictional limitations that must be accounted for in this process.

There were many versions of the perfect fit from community members. Town of Vienna community members emphasized small town feel with active recreation and appealing to multiple users while maximizing the site. Contrasting, other community members pushed to limit development of the site for residents directly neighboring the Annex. Despite differences in motivations a common layout appeared among individuals "Perfect Fits".

- Emerging Themes
  - Concern for noise impacts
  - Inclusive uses to all ages and groups
  - Indoor and outdoor spaces
- Land Uses

AQUATICS FACILITY INDOOR RECREATION

OUTDOOR POOL RECTANGULAR SPORTS FIELDS

EXERCISE/FITNESS PICKLEBALL OUTDOOR RECREATION

CULTURAL CENTER COMMUNITY GARDENS PLAYGROUND

Resulting Questions

- How can the site be utilized for all ages?
- How is the site going to be funded
- How to teach the community about the site development process?
- How to teach the community about funding process?

Workshop #2

Kimley-Horn hosted two (2) pop-up events during the week of May 8, 2023: on Wednesday May 10, 2023 from 4:00 PM - 7:00 pm at the Vienna Community Center and on Saturday May 13, 2023 from 10:00 am - 2:00 pm at the Vienna Farmers Market.

These times and venues were chosen to accommodate community members with a variety of schedules who would not be able to attend a traditional evening meeting. The project team selected the times and locations with the intention of maximizing foot traffic interaction by meeting people in locations that were heavily frequented by community members.

The team lead one engagement activity at each pop-up event that was designed to educate members of the public on the feasibility of typical land uses and solicit feedback on what types of land uses they wanted the project team to study. The pop-up events provided additional opportunities for community members to share their perspectives and provide feedback on the future of the Annex Property. The "Perfect Fit" Activity was again utilized, but with enhancements to include a 3D component to better represent the spatial constraints of the site. This provided an additional perspective to participants of how the various land uses and building types could fit on the site and how they relate to one another in scope and scale.

The project team kept a tally of participants for each of the pop-up events and noted any comments participants had while completing the activity. Table 2 and Table 3 summarize the estimated number of participants at each of the pop-up events.

- Summary
  - Pop-up #1

Table 2: Pop-Up #1 Participation Summary

Age	Number of people that stopped by:
12 or Younger	21
13 to 18	2
19 to 24	0
25 to 34	0
35 to 44	9
45 to 54	5
55 to 64	7
65 to 74	2
75+	0
Total	46

  - Key takeaways from event
    - Interest in maximizing the site with multiple stories
    - Indoor and outdoor pool space creates an activity for younger community members all year round

- Utilize the space for a technology, art, or teaching center
- Pop-up #2
  - Estimated # of participants broken down by estimated age range

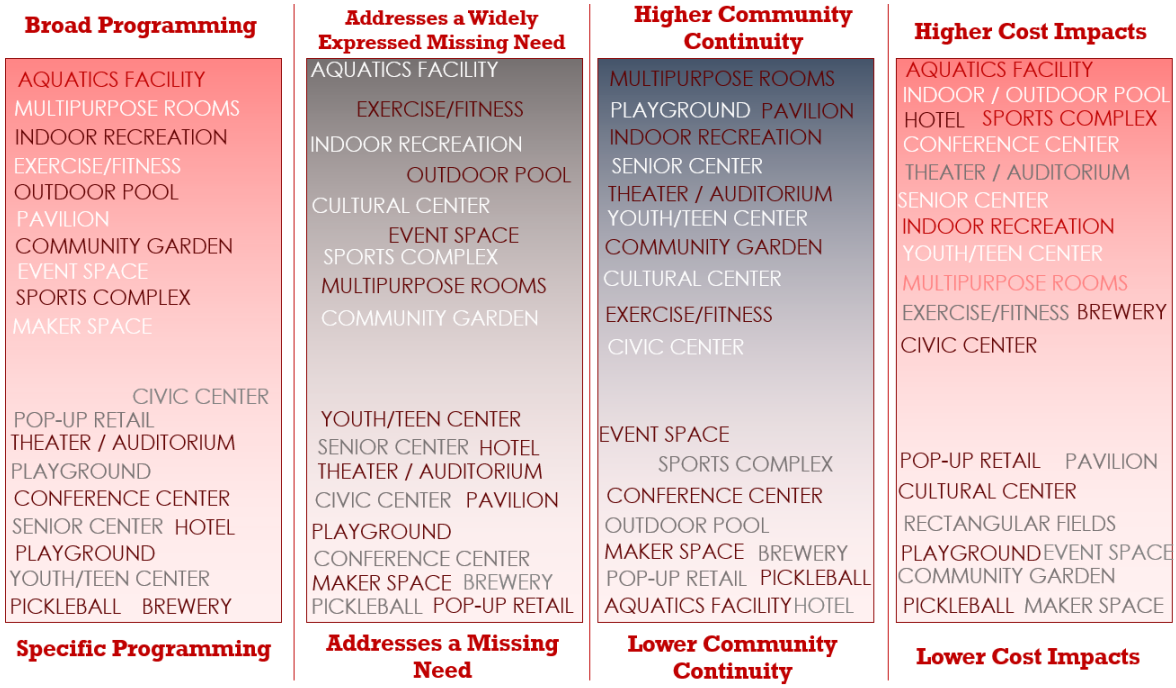
Summary and Recommendations

Emerging Themes

- Fiscally responsible and strategic decision-making
- Uniquely Vienna & maintaining the “small town” feel
- Vienna as an active community
- A place for all, with tailored activities for some
- Fulfilling a missing or underserved need
- Sustainability, open space, and outdoor programming as core instead of additive
- Create a transparent process

Potential Uses



Recommendations

- Existing building has limited reuse options
- Consider demolishing building to increase available options on site
- Consider further study of a combined aquatics/fitness space
- Consider further study of an outdoor gathering space/plaza/convertible community space with limited programming and operational costs
- Focus on broad, multigenerational and inclusive programming that addresses a widely expressed missing need while being realistic about the fiscal impacts

APPENDIX A
Vienna – Annex Land Use Study
Community Perspective Questionnaire

The Town of Vienna is evaluating the potential short- and long-term uses for the Annex Property at 301 Center Street S. This short community perspective questionnaire is an important step in that process and will help inform the types of uses that may be evaluated as part of this Annex Study.

1. How close do you live to the Annex Property (? (Map that includes radii with identified distances)
    a. Less than 1/4 mile
    b. 1/4 mile – 1/2 mile
    c. 1/4 mile – 1 mile
    d. Greater than 1 mile

2. What are your typical weekday destinations in the town of Vienna? (Can select multiple)
    a. Parks and trails
    b. Recreation facilities and fields
    c. Restaurants
    d. Retail
    e. School/Academic
    f. Work
    g. Other – fill in the blank

3. What are your typical weekend destinations in the town of Vienna? (Can select multiple)
    a. Parks and trails
    b. Recreation facilities and fields
    c. Restaurants
    d. Retail
    e. School/Academic
    f. Work
    g. Other – fill in the blank

4. Given the choice of the following categories, what three activities in the Town of Vienna do you value the most? (Can select up to three)
    a. Active recreation – Example: basketball, exercise facilities, pickleball, pool, tennis, trails
    b. Community events
    c. Cultural events
    d. Museum and Library
    e. Parks and Recreation classes and camps
    f. Passive recreation – Example: Parks, open spaces, Town Green
    g. Restaurants and entertainment
    h. Retail - grocery, shopping, etc.
    i. Schools/Academic activities
    j. Other – fill in the blank

5. What three activities do you feel the town is currently lacking or would like to see more of? (Can select up to three)

a. Active recreation – Example: basketball, exercise facilities, pickleball, pool, tennis, trails
b. Cultural & heritage – Example: library, museums, monuments
c. Educational opportunities – Example: camps, classes, meeting/community rooms
d. Entertainment – Example: amphitheaters, concert venues, event venue, movie theater, performing arts facilities
e. Open space events – Example: Farmers markets, Food trucks, Makers markets, Pop-Up Retail
f. Passive recreation – Example: Parks, open spaces, Town Green
g. Public art – Example: galleries, public art installations, sculptures
h. Retail
i. Other – fill in the blank

6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (Can select up to three)
    a. Opportunities to enjoy nature
    b. Opportunities to enjoy the arts
    c. Opportunities for individual sports and athletics
    d. Opportunities to meet and gather (for community groups)
    e. Opportunities to meet and gather (for neighbors)
    f. Opportunities for personal exercise and fitness
    g. Opportunities for senior programming
    h. Opportunities to shop from local business and craft makers
    i. Opportunities to teach/learn
    j. Opportunities for team sports and athletics
    k. Opportunities for youth and teen programming
    l. Other – fill in the blank

7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site? (Short response)

8. Please provide any additional comments below (short response)

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
1	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	Community area with a playground, stage for music or events, and space for healthy food trucks. The area could be used for an expanded farmers market and other community events without the need to block off major streets.
2	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities for team sports and athletics	What is most popular at the community center, if we have enough fields for sports like baseball (we often travel far for fields although we live near downtown Vienna). Indoor basketball and pickleball courts OR a gym.
3	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to shop from local business and craft makers	An maker space/art gallery/art class instruction space, a theater or amphitheater, or a film center
4	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	Indoor swimming pool
5	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for team sports and athletics	More pickleball courts.
6	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	
7	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	
8	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for personal exercise and fitness	TOV needs a swimming pool. The private swim clubs are expensive with long waiting list. FFX Co facilities are crowded and only available if we drive.
9	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	We need a community indoor pool. Swimming is a life skill, not a fun hobby, and the waiting list for Vienna private pools is ridiculous.

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
11	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy the arts Opportunities to meet and gather (for community groups) Opportunities for team sports and athletics	
12	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities		We need more playgrounds or community gathering spaces in Vienna. Playgrounds in particular are lacking!
13	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Due to the cost and extreme length of waitlists for the local “neighborhood” pools, I think this site should be used to offer a community pool (indoor/outdoor) and would be nice to have a gym facility as well since the community center doesn’t offer one.
14	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for youth and teen programming	We are in DIRE need of another community pool
15	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities for youth and teen programming	
16	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics	Pool
17	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	A community outdoor pool!! The waitlists are too long for all others right now.
18	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities for youth and teen programming	Community pool!
19	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for personal exercise and fitness	Average length of time a Vienna family spends on swim club wait lists... it is 7-10 years!

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
20	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Outdoor pool , music entertainment venue, recreation
21	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups)	Pool
22	Cultural and heritage - Example: Library, museums, monuments Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	Please consider a Vienna Community Pool! The two small and private pools in the town are no longer enough and the years long wait for a membership is not serving all of the families who live in Vienna, particularly the ones with young children. Additionally, a permanent space for a farmer's market would be a welcome idea! A year round farmer's market would bring more chances to shop small, more chances to build community!
23	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to enjoy the arts	
24	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Pool!
25	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	I would love to see a community pool/fitness center and/or updated playground. I feel that in the last few years, there has been a shift in demographic in the town of Vienna. I am noticing more young families who are looking for more activities for kids to congregate.
26	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors)	Community pool open to all residents. Consider also pairing with educational material about the history of private pools in the South and racial discrimination perpetuated in this way.
27	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for youth and teen programming	Pool
28	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	Vienna needs a community pool. It is classist and frustrating that the only pools in town have a waiting list of 5+ years and demand thousands of dollars to join and be a member annually. There needs to be a more assessible pool and or splash pad option for kids growing up here.
29	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to meet and gather (for neighbors) Opportunities to teach/learn Opportunities for youth and teen programming	Indoor concert venue

30	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to shop from local business and craft makers Opportunities for team sports and athletics Opportunities for youth and teen programming	
31	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics Opportunities for youth and teen programming	Amphitheater/ mixed use concert/performance space Expansion of rec center- art classrooms, open gym (weights/ exercise equipment) rock climbing walls, indoor/outdoor pool, cafe/snack bar with indoor/ outdoor seating areas
32	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for senior programming	amphitheather
33	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for team sports and athletics	
34	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	In door Community pool
35	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups)	
36	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Community pool
37	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Sports- we don't have enough sports locations in the town and youth groups spend their money outside of Vienna even if they are a Vienna league. Let's have locations close to participants homes and keep the money for the town of Vienna
38	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers

40	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Community pool	Community pool
41	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	
42	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics Opportunities for youth and teen programming	A community pool or splash pad area would be AMAZING and something Vienna is lacking that nearby towns have to offer.
43	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	
44	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Indoor and outdoor pool for town residents
45	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics	Community pool

I would be loathe to see another retail center open up with more chain restaurants and businesses. I'm a lifelong resident who is raising young children here and I've seen Vienna start to look like every other Northern Virginia city/town with the same stores, restaurants, etc. I really want to see Vienna reclaim some unique-ness.
52	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for team sports and athletics

70	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Need for public pools, 10 year waitlists are insane	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	Pool please
71	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Green space / whatever brings the community together
72	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	We need to use it short term to host the library while the Patrick Henry building is under renovation. I will not be going three to five years without a physical library in town. Please! And long-term? Pool and a playground and expanded community center class options including for adults and children. Would love to see an indoor or outdoor pool, indoor track, and more space for community rooms and art classes.
73	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Pool Athletic fields/facilities
74	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Community pool
75	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Pool, athletic fields! Possibly an arcade/snack bar would draw kids/teens in.
76	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Community pool and gym

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
77		Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	
78	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Please consider an indoor pool and sports complex that can be used by sports teams and individuals.
79	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for senior programming	Center for the arts. Open green space like town green, place for workshops teaching programs, native plant gardens, place to sit and enjoy open air or meet friends, benches etc, place for outdoor performances
80	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	A indoor community pool (with big doors to open in good weather) / rec center with indoor track! The outdoor pools in this area are ridiculous in terms of cost and waitlists. They are not remotely inclusive of our full community. And they aren't available in the winter. Similarly, a rec center with indoor track similar to Thomas Jefferson Community Center in Arlington would be a huge benefit to all ages in the community. I know everyone in my family (7 year old, 9 year old, plus 46 year old adults, and 75 year old grandparents who live right by the site) would use it.
81	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Shops for kids/teens
82	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers	
83	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	A public community pool would be great. The waiting lists for the clubs are SO long and very expensive. Would also love more space for a kids park with rubber flooring like all the new Arlington parks, huge (free) splash pad, covered picnic areas, and space for regular food truck service (not only for special events).
84	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	
85	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails		Pool or splash pad for kids
86	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness	An open, natural space populated with trees and work of art by resident artists with could serve a similar purpose to the town green except more focused on community-sponsored events rather than town-sponsored ones. A place for three neighbor families to have a cookout for their kids birthday.

Appendix B: Full Survey Summary

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
87	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	For parents with children, there are few community places to meet (that are free, unstructured, non-programmed etc) - especially during inclement weather. In the summer, the divide between those who have membership at a pool and those who do not is very apparent. TOV needs a community pool or at least, a splash pad with shade to e joy during the summer months
88	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities for team sports and athletics	
89	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	I think whatever kind of space that visually promotes nature, being active, and sharing space with one's community are the most visually appealing and provide the best example for our younger generations.
90	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	Public space for families/children: splash pad, high end playground, pool
91	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for neighbors)	
92	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities to teach/learn	Having a facility that have multiple purposes
93	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to enjoy nature Opportunities to enjoy the arts	POOL!!!! We've lived in Vienna for 10 years and have two young children but access to a local pool is so limited. I'd happily pay a daily fee for pool use. Even a splash pad would be better then nothing.
94	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities for youth and teen programming	Community pool, community fitness center
95	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics	A pool or athletic fields

What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
96	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to teach/learn	Pool available to all - not just in-town residents.
97	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to enjoy the arts	Outdoor amphitheater combined with year round farmers market and dog park
98	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Community pool at an affordable price Outdoor & indoor space for both group gatherings & individual/family fun (place for picnics, kids to play, informal gathering spot.
99	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature	Pool
100	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Adding indoor pool to community center would make it on par with other excellent community centers in NOVA
101	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Dog park	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Dog park: meeting space inside
102	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	A community pool that does not require a membership (other than living within the town limits) would be wonderful!
103	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Volleyball space. It is a growing sport and very few club teams in fairfax co because of limited gym space.
104	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for personal exercise and fitness Opportunities for team sports and athletics Opportunities for youth and teen programming	Public pool
105	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for personal exercise and fitness	Community gym and pool

108	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics	A really nice playground/ splash pad
109	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	Community pool and maybe a water park/splash pad. Waiting lists for Vienna pools are 5+ years, which is a much more dramatic limitation on resources than other amenities.
110	Community pools	Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics Opportunities for youth and teen programming	Aquatic center
111	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for individual sports and athletics Opportunities for team sports and athletics	Having a turf field for athletic use would be ideal and would generate revenue.
112	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Pool would be a great asset.
113	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers

123	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to teach/learn	I think Vienna would benefit enormously from a public pool! As a military family we've never lived in a town where there wasn't an outdoor pool we could access in the summer months. I was shocked to move here and learn we would be waitlisted at least five years for a rental at our nearest swim club— and that it was a short wait in comparison to some others!
124	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	A pool!

127	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for senior programming	
128	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors)	
129	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	pool, open space for farmers market,
130	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for team sports and athletics	Arlington has amazing playgrounds and splash pads! Vienna is never on those lists for northern Virginia, but it would be great to get something like that! Especially something that would work for kids of all ages.
131	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors)	Public pool, playground, splash pad, public art
132	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Community pool, where no long term membership is required and you can simply pay as you use (discounted for TOV residents).
133	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	Pop-up spaces for rotating vendors/food/shops; community pool; rotating community art displays
134	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors)	I have no idea why there isn't a town pool that's public. It should be the top priority to have access for everyone instead of a private wait-listed, cost-heavy option.
135	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Public Art - Example: Galleries, public art installations, sculptures	Opportunities to shop from local business and craft makers Opportunities to teach/learn Opportunities for youth and teen programming

			Between the recently-expanded community center and the very large police station, the Town has already built itself a surplus of lightly-used indoor space. It doesn't need any more. It certainly cannot make high-valued use of this large, oddly-patched-together purpose-built church/school complex. The very fact that you have to strain to try to think up a use for all that indoor space at "The Annex" should tell you something. It should tell you that the Town has no highly-valued use for it. I mean, look around. Does any other government entity in this area have a great big cluster of buildings for public recreational use, in addition to their community center? But this region has been notoriously short of ball fields. This land is directly opposite existing ball fields. It's absolutely flat. To me, the obvious solution is simply to tear down the building and use the land for additional ball fields. If you absolutely insist on keeping that 70-year-old pieced-together church/school structure intact, then forget recreation, and convert it for use it as a small-business incubator space. Like The Torpedo Factory in Alexandria. Or similar vendor malls in DC and elsewhere. A hip-and-trendy place, but not in direct competition with existing retail space on Maple Avenue and elsewhere. So, no national chains, only locally-owned businesses, for starters. But even then, the very idea of Town-owned space housing commercial establishments is going to step on a lot of toes. So it would probably have to have some sort of Bohemian/craft orientation for the businesses. Alternatively, if you absolutely refuse to tear it down, this low-valued space could become a hub for small charitable and not-for-profit entities. There are a surprising number of small non-profits in Town, and my understanding is that rental/real estate costs are a real killer. A greatly reduce per-square-foot rent, for charitable organizations, could attract a lot of tenants that would lend cachet to the Town of Vienna. You could do the area a favor by taking this essentially useless space and repurposing it to make Vienna the hub of non-profit activities for the area. And you would burnish the Town's overall reputation in the process.

Vienna has lack of indoor/outdoor community pool. As someone who grew up attending the community pool for lessons, swim team, and fun it is so strange to me that Vienna lacks this. All main pools are outdoor, private, expensive, and have years long waitlists. Private swimming lesson places also have long waitlists. Also park with field and playground. The open spaces with fields and playgrounds are lacking. Sports teams have a hard time finding field space and the local playgrounds are small and crowded.
231	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	There is overbuilding in Vienna. Keep this space green with some basketball courts similar to Nottoway Park.

240	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for youth and teen programming	Indoor pool/rec center. Outdoor community pool as well. Pool situation is terrible in this town. Embarrassing. Also, the parks are so old and outdated. It's sad considering how much money families pay to live here, and there are minimal options for pools in the summer and we only have old run down parks for the children.
241	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	Community pool - all local pools in the town of Vienna have 5+ year waitlists

245	Public Art - Example: Galleries, public art installations, sculptures Art gallery supported by town like Herndon, Falls Church, etc	Opportunities to enjoy the arts Support nonprofits in town since development chases nonprofits and then it is too expensive for NP to survive	It is a great location and should be used well with the community. A great place to support nonprofits, art gallery and another community gathering for the town.
246		Opportunities for personal exercise and fitness	Please consider building an indoor swimming pool that residents could enjoy year round for exercise and team sports. Due to Virginia's segregationist past, the only community pools available are through membership and waiting lists are long. The only indoor community pools are at Spring Hill and Oakton. A public indoor swimming pool would be a great addition to the community.

274	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	I think another area like the town green area would be really beneficial. Essentially a multi use outdoor facility that can be used for town events, sports, or just an area for people to enjoy the outdoors.
275	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for senior programming	The town should invest in dedicated pickleball courts with sound barriers and parking. Pickleball is inclusive, social and fun. All ages play pickleball. The Town of Vienna is way behind other local municipalities in providing pickleball facilities, e.g., Fairfax, Mclean and Burke all have dedicated pickleball courts. The town of Vienna should invest in meeting the recreational needs of its residents - look at the number of players/ft2/hour. Dozens of pickleball players are actively using the Fairfax pickleball courts all day and all year round. Compare this number with the use from softball fields.
276	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for senior programming	Invest in dedicated pickleball courts.
277	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Pickleball
278	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for personal exercise and fitness Opportunities for senior programming Opportunities for youth and teen programming	Track for walking or running especially since the Community Center facility had to cut out because of dispute with the County. Skateboard park should be added near community center (and club phonix) and the displaced ball field moved to annex.
279	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Community pool
280	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	Dedicated pickleball courts and other non-field sport courts and/or pool. These options are a great opportunity to merge our household interests of recreational activities and connecting with the broader Vienna community.
281	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities for personal exercise and fitness	A pool facility would be amazing!

297	None, we currently have a wealth of resources available to us in Vienna	Opportunities for individual sports and athletics Opportunities for senior programming Opportunities for youth and teen programming	How to best meet the needs and demands of our growing senior population and their sandwich-generation family and caregivers. Looking for opportunities to use the space to better serve these populations through the development of specialized programming to meet their needs. Developing a common space to connect seniors with community-based services (day care health, wellness, transportation, entertainment, fellowship) aimed at combating loneliness and social isolation. This would also provide a service to their caregivers by providing a safe and welcoming environment for seniors to congregate while they attend to work, school, etc.
298	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for senior programming Opportunities to shop from local business and craft makers	Art Center (for adults and seniors) - education, classes, a bigger home for the Vienna Arts Society Pop-Up Shops: A place where local Vienna craftsmen/women and emerging small business owners can introduce their service/business in a trial temporary retail space. Pickleball Courts: Possibly use some of the parking lot for additional pickleball courts since the sport is in high demand - only if it does not create the noise issues for abutting neighbors. The same rules would apply that were recently amended for Glyndon Park courts.
299	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors)	Swimming pool and splash pad for kids. Pool in this area has 8 years waiting list and there is no splash pad in town.

Besides that, a large gazebo that town residents could use for gatherings and meals. Park benchs, just a quiet space to read, sit, talk.
304	Educational opportunities - Example: Camps, classes, meeting/community rooms Classes for Homeschoolers	Opportunities to teach/learn Opportunities for youth and teen programming	Daytime classes/learning/social opportunities for homeschooling.
305	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	The library currently sits along an established lineup of retail/restaurants along Maple Ave. I propose moving the library to the new location to make it more easily accessible especially with parking. I'm not looking forward to the proposed idea of having to park in a garage to go to the library!
306	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness	Pool, playground, location for the library with more space to dedicate to library that could have community rooms and a playground incorporated into the design, space for an indoor track, space for a public pool, space for arts classes, gymnastics dedicated space, community room for Vienna Moms and other important local groups like scouts to use
307	Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to teach/learn	Considering the increase in housing development in the TOV, a demographic evaluation should consider the need for additional space to accommodate increased enrollment in elementary school. The space could also be used to accommodate new curriculum offerings, including remediation and accelerated learning. Since family life is a priority in Vienna, checking in with teachers, staff, admin and parents in the school might uncover some important needs or unique ideas.
308	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics	Pickle ball courts, both indoor and outdoor, please.

311	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Indoor athletic facility or expanded outdoor options
312	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for individual sports and athletics Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	
313	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	I would love to see the Annex site turned into an indoor racquet sports facility--half tennis and half pickleball. There's a dearth of publicly available indoor tennis facilities (Herndon tennis bubble being one) in this area, and with the rise of pickleball, an indoor facility would get a lot of use as well as help solve the so-called "nuisance/noise" issue of pickleball. It would join the stellar line-up of Vienna municipal attractions.

A rec center with courts and workout rooms would be great as well.
337	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail Better restaurants and outdoor seating to go with it	Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	Vienna needs higher quality dining options with outdoor seating available. This site has enough space for a nicely done restaurant / mixed use destination for dining and maybe a little lawn in front for kids to play and people to gather for a drink and parking in back Or, consider moving the old town hall to this site and making the former site available for development
338	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for community groups)	The Library is scheduled to close for renovations in 2024 or 2025. 			The TOV promised residents that the costly Community Center renovation would include a pool and fitness center. At the time, my kids were in preschool and needed swim lessons, but there was a seven year waitlist to join one of the coimmunity pools. Since they needed smim lessons then, I didn't join the seven year waitlist for one of the community pools because I was told that the Vienna Community Center would take half that time so we expected to just use the pool at the Vienna Community Center once it opened. I am still upset that they did not put in a pool as expected during the last renovation. My kids are now in 8th grade and 5th grade and need an outdoor pool more than ever! I bid and paid for Swim package at the Machine Swim School and have been trying to schedule lessons there for him since before the pandemic, but they also have a waitlist. This is RIDICULOUS!!! When my realtor (who has lived in Vienna her entire life) sold me my home in 1998, she told me (off the record) that the reason Vienna doesn't have any public pools goes back to the desegregation timeframe when Vienna residents didn't want to have to share public pools with certain people. Instead, they set up private community pools which now have 7-10 year waitlists. With Vienna and FCPS schools so concerned about equity, isn't it time that we have a public outdoor community pool for all TOV residents to use? Seniors and adults can swim laps. Younger children can take swim lessons. Teens can get lifeguard certified and hang out with other friends rather than loitering at the local businesses. Sand volleyball courts can be set up outside for the very popular VYI and other local volleyball clubs to hold practices and/or tournaments. An outdoor shelter and snack bar can be included to accommodate families and community groups that want to have birthday parties or scout meetings there since there is also a shortage of meeting space for local groups within the area and most schools are closed on Sundays. A fitness center could also be included inside although not as necessary since it could put Evolution Fitness and similar local businesses out of business. The backyard grounds behind the former church are flat and ideal for a public community outdoor pool.

346	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to shop from local business and craft makers Opportunities for team sports and athletics Opportunities for youth and teen programming	I recommend a tree-lined green area capable of hosting farmers market, passive outdoor activities (walking, Scouts), and contributing to carbon sequestration. Allow for angle parking on Center St.
347	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	Something that retains as much of the natural beauty as possible, but affords the opportunity for more recreation.
348	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Public Art - Example: Galleries, public art installations, sculptures Retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	swimming pool (all local pools are waitlisted - for over 7 years in many cases!), athletic fields (specifically soccer, lacrosse), an active park
349	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	I think we need to think outside of the box and come up with a unique use for this space. It shouldn't be an extension and spillover of the community center (which should have been demolished and built larger instead of renovation).

It is NOT a great destination right now to hang out with friends or neighbors on the weeknight or weekend. We need more places that are not franchised businesses or banks. There are really nice areas in Arlington or Shirlington that have unique restaurants and park spaces nearby to sit and talk. People can congregate there to chat and provide business to the establishments. It's fun to be around and stay around. Right now Vienna has turned into a place to drive in and out of or just to pass through on the way home. It is NOT a nice place to hang out and socialize in.

I think you should offer a new location within the town of Vienna to the Women's Center. They could stay in a temporary space while the Annex Site is completed
387	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities for team sports and athletics	A real, big kid park and playground; community center with a pool
388	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to shop from local business and craft makers Opportunities to teach/learn	
389	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Exercise facility as in exercise room with equipment; pool Conference space for educational opportunities Temporary library space for when Patrick Henry Library is going to be renovated Space for CHO, a non-profit organization in Vienna, since they are being removed from their facility on Park St in the fall.
390	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	Housing needs, mix-used opportunity
391	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy the arts Opportunities for individual sports and athletics Opportunities for youth and teen programming	A community pool
392	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to shop from local business and craft makers	
393	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for community groups)	Permanent site for the farmers' market, permanent site for town concerts, community events, another town green --Once it's gone, it's gone for good. Something needs to counteract the latest trend of permitting large buildings up and down Maple Avenue. Vienna needs to remain the UN-Tysons Corner!

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
394	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	It would be great if you could lease or rent it to churches or other organizations who don't have their own building to use as a gathering place for events and activities
395	affordable housing	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	housing. build some "tiny houses". make them explicitly affordable. include some public park/open space there also.
396	Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities for senior programming Opportunities to shop from local business and craft makers	
397	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	We need more fields! Soccer and lacrosse fields. With some great green space for everyone to enjoy
398	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for senior programming	Community pool. Westwood is too expensive and we have no chance of getting into cardinal hill or vienna woods given the wait time. Lack of a community pool is very noticeable in vienna.
399	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green Retail	Opportunities to enjoy nature Opportunities to shop from local business and craft makers	A nature center with a native plant garden, benches and trees would be great. A water feature there would be a bonus

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
407	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Retail Convert Church into true downtown area, currently mish-mash	Opportunities for individual sports and athletics Opportunities for team sports and athletics Playground like Clemyjontri	Pool opportunities both indoor abd outdoor Play area such as Clemyjontri Multi use fields w artificial turf Expand Waters field and improve to include retail, concessions, etc.
408	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Retail Teen center, pool, ice skating	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Limitations citizens experience, access to pool. Traffic; keep it for Vienna residents. Taxes; we pay enough taxes, don't increase.
409	Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	
410	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Parking	Opportunities to meet and gather (for community groups)	Parking in Vienna continues to be somewhat of an issue close to 123 and church. More options would be nice.
411	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	
412	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	We need additional multi-sport fields that aren't locked up by one or two youth sport organizations.
413	A Senior Center, like Fairfax City	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities for senior programming	The seniors need a place to gather, have coffee, socialize.
414	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness	Given the proliferation of housing developments and reduction in green space and trees as a result, I vote for the Annex to be used for open space/green space/park space. Time in nature is essential for our wellbeing and health and it is essential that we preserve green space when we are able. I envision this green space having meditative gardens, different types of gardens, benches, water features, and even a children's and / or senior's garden (ada compliant). A place to gather, with picnic tables or shelter but also a place for quiet reflection.
415	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green public parking spaces for access to Maple Ave and Church St shops	Opportunities to enjoy nature Opportunities to shop from local business and craft makers	1. Sell the land to Fairfax County for the new library. Use current library location to create parking for residents to access stores on Maple/Church St. 2. Create a park for town residents, complete with man-made lake for children to enjoy nature with frogs, turtles, etc. 3. Sell land to developer and give money to public works to plant more trees, keep streets clean, etc...whatever they need to keep Vienna shiny.

What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
416	Swimming pool	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to teach/learn	Swimming pool. This town needs a public pool. By refusing to build one, Vienna is perpetuating the existence of the have and have nots. No one should be expected to put down $1500. To have the right to then pay hundreds of dollars every summer to swim.
417	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for senior programming	Community pool
418	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Public Art - Example: Galleries, public art installations, sculptures Retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	An indoor pool and indoor sports
419	Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms Retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for senior programming	Indoor activities that does not increase noise level, traffic issues, tall lighting.
420	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Retail
421	density to support growth in vienna business district. high end density will support more restaurants and retail which supports the town tax base. higher density is better for environment	we have lots of public spaces, community center, waters field, the green, wo&d trail, multiple parks. they're not overcrowded, the green sits empty regularly. development like this should be for the whole community, not a small slice that is vocal. Figure out how to better utilize the retail space along the trail.	What is best for the most people, long-term. This should not be a siloed decision. What is the vision for Vienna in 10, or 20 years? Some respect for the taxpayers needs to go into the decision-making as well. Just because we can spend money on something today isn't the same as we should.
422	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to shop from local business and craft makers	Pickleball courts
423	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to enjoy the arts	The church parking lot has been very convenient during weekend games and Town events.
424	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors)	Skateboard park Outdoor ice rink in winter/outdoor roller skate park in summer

Appendix B: Full Survey Summary

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
425	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	1) a town pool- waitlists are long at private swim clubs and memberships are expensive. Would be nice to have a town option. Alexandria city has several city pools where you can pay for a summer membership or by the day. 2) a park with playground equipment/ rock climbing for older kids. Arlington has several new parks with great climbing structures such as Quincy park. 3) skate park 4) town garden with tables to meet with friends, picnic
426	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to meet and gather (for neighbors) Opportunities for senior programming Opportunities to teach/learn	What uses will be the most used by the greatest number of residents!
427	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities for team sports and athletics Opportunities for youth and teen programming	Indoor pool Teen center
428	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for senior programming	provide more rooms for people to meet for gaming, cards, mahjong, etc. The Community Center is over booked now!
429	Passive recreation - Example: Parks, open spaces, Town green small businesses (hardware, lawn mower repair, etc.) such as had to move from Mill St. for storage unit business	Opportunities to enjoy nature Opportunities to shop from local business and craft makers	what is known in the UK as "rewilding" would be very interesting--that is, even a small space managed for wildlife and pollinators, etc. Open green space for sure...
430	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for team sports and athletics

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
433	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	
434	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Space for community events and activities.
435	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Would love to have an indoor/outdoor pool for exercise and family enjoyment in the town.
436	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Please consider pickle ball courts.
437	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Whatever is built, I hope the town will take special care to consider the residential neighborhood near the site. Sound barrier walls and the extensive landscaping protecting the privacy and atmosphere for our neighbors I hope will be considered.
438	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	
439	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Swimming pool Open park for reading/ gathering
440	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for personal exercise and fitness	Indoor and outdoor pool
441	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers	Please add Pickleball courts, tennis courts

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
442	Passive recreation - Example: Parks, open spaces, Town green Less development	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	I just really do not want a bunch of huge houses or condos to go up in that space. Vienna is charming because it feels like a small town, where people talk to their neighbors they see at the store, relax in open spaces without an agenda, and don't have to leave their town for really any reason if they don't want to. We can live in the same place we play, learn, work, shop, and eat. There is place for traffic, and noise, commuting and condos - it's called Arlington. We moved from Arlington to Vienna to escape that. So I would love for it to either just stay a church, become an additional community site, variety location - anything other than housing or chain retail.
443	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to enjoy nature Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	1. Perhaps part of the space could be used for affordable childcare. 2. A venue for rental spaces that would mean not needing to close community center activities.
444	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for senior programming	
445	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	Pickleball, indoor/outdoor pool, dog park
446	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Surprised town community ctr lacks exercise equipment or indoor track .	Opportunities for personal exercise and fitness Many interesting Vienna Dept of Rec (non fitness) classes are held M-F workdays	
447	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts	Consider ways to make Vienna more vibrant for residents - and also a destination for visitors. A cohesive art and cultural experience could draw visitors, who would then would explore things like shops and restaurants. Vienna has a lot to offer but isn't necessarily a destination. I would recommend something that is a draw - and art and culture are a great option. For example, it could be a starting point for an Art Walk or cultural walking tour of Vienna (similar to how the Smithsonian castle is an informational base and starting point to explore the National Mall).
448	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	The town needs to offer a gym with machines and free weights plus classes.
449	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for senior programming	Fitness Center including opportunities for independent exercise on fitness machines (cybex, etc.) and group exercise (fitness rooms) and personal training.
450	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors)	

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
451	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for team sports and athletics	
452	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities for team sports and athletics	Soccer field or street hockey rink
453	Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors)	I think an arts center would be great! Vienna has so much in terms of sports and recreation but the visual arts are not really promoted as well and are left up to one group to scrape for support. A place for art classes, visiting artists, maybe some resident artist studios would be a great addition to our town.
454	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to teach/learn Opportunities for youth and teen programming	I would like to see a better location for the Farmers Market as the current location in the parking lot has caused a problem with parking when events or activities or going on at Fire Dept, Waters Field and Community Center. A covered farmers market structure would be ideal
455	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	Retail incubator - pop ups / food truck location / farmers market (indoor or outdoor) / artist space / flea market
456	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures Needs an affordable hometown gym	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Move Evolution Health and Fitness to this space. It's affordable, a good place to meet your neighbors, and stay healthy-especially the older population.
457	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors)	
458	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	nature type activities, open space
459	High quality Family Daycare	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to teach/learn	Given an opportunity to my small business, HAPPY YOUNGLINGS FAMILY DAYCARE, to establish a family style center for Vienna residents.
460	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Indoor pool and fitness center
461		Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	Community resources - homeless, food banks, etc. are always a need anywhere. What better use of a Church than use for those in need?

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
462	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Town of Vienna Pool	Opportunities for senior programming Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	Since we pay Town of Vienna taxes, I think we should have a pool dedicated for TOV residents. Renters could join on an ad hoc basis if there is availability after all residents have joined.106
463	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for senior programming	A mixed use facility that blends nature and quiet spots with opportunities for physical activity such as a small skate park for kids, volley ball pits, tether ball, roller hockey / Skating rink, pickle ball, splash pads or even corn hole pits. We don't need basketball as there are courts at the Community Center and at VES. A small, multi use athletic field should also be considered with some time slots available to be reserved through the Town. However, reserved slots should not be for stuctured games, practices or special events. Further, the space would be accessible by foot or non motorized transit (i.e., a bicycle) so traffic, vehicle pollution (emissions and noise) and parking needs are minimized to the fullest extent possible. This approach would not be amenable for team sports as that would require additional parking and contribute to pollution. Further, the main streets already get clogged up for special events and the police and fire department need to respond quickly - additional traffic and parking might hamper their ability to respond in a timely fashion.
464	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to teach/learn	Please turn the Annex Site into low income apartments. Also, provide an indoor pool at the low income apartment and a fitness center
465	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy the arts Opportunities for senior programming	Community Center for cultural events.
466	Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for senior programming	small open field(s) for play and individual/small group athletic activity and impromptu gatherings (not coordinated group/team activity). I'd also like to see plenty of trees, and nature paths. Please do not replicate what we already have - basketball, pickle ball, etc. and focus on something different such as a skate park or a splash area that has a small foot print but does not require major investment or maintenance.

469	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for team sports and athletics	
470	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature	With it's location to Water's and Caffi fields and the FD (where many community events are held), additional parking would benefit all. The Church should be considered as historical, with preservation considered for the structure, windows and steeple. If this could be converted to a gym for inside activities, that would tie in well with it's location. Permanent inside volleyball courts are non-existent in town and the sport has grown greatly. As it directly abuts residential properties on two sides, consideration of noise impacting those residences should be a priority.
471	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for youth and teen programming	
472	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors)	On a personal level, I would love to have a repertory movie theater in Vienna (perhaps one that shows classic or art house/independent movies in contrast to the family-friendly screenings on the Town green), but I think any space that allows people to gather, whether to organize, learn, or simply relax is a net good. With its proximity to the town hall and Patrick Henry Library, the site could be useful as a multipurpose space available to host events, meetings, or art galleries. I also wouldn't be opposed to it being used as shelter for people who need it.
473	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups)	Use of a year-round, community pool is sorely lacking. Oakmarr is not it, and this site is truly central to a core group that is equally far from Oakmarr and Providence. Tiered pricing (TOV vs Ffx county pricing, like things offered at community center) would be fine. Wish there was more space for artist space for creation.
474	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	I love the idea of an open space for families and community members to gather. Food trucks for families, alcohol (wine/beer) for adults, and even rotating art sculptures around would be a great addition to our town. Families are looking for a safe place to come together, socialize with others, and let the kids play. This location would be perfect!
475	Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature	More trails
476	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to shop from local business and craft makers	pickleball courts
477	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	Pool! With a splash pad for little ones! We came to Vienna because it's so family friendly and a community pool was the one thing we wish it had!
478	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness

482	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Put in a community pool!!!! Right now so maybe people can go teach their kids to swim due to the lack of close by accessible pools that don't have waitlists or cost a ton. The community center doesn't have one. This is a major safety concern for kids who can't learn to swim!
483	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Could study how old and limiting the near by pools are and if you're new to the area, you are placed on a wait list to get in 5+ years from submission
484	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for youth and teen programming	Youth and teen uses. The nearest public pool is in Oakton and with long waiting lists and high fees for Vienna's 3 private pools, it would be wonderful to provide Vienna residents with access (ideally walkable/centrally located) to a public pool.
490	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for team sports and athletics Opportunities for youth and teen programming	Soccer field if possible. Opportunities to enjoy the arts Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	This area of Vienna is a huge draw, but even on regular Saturdays with regular house league youth sports, the area is overwhelmed with cars, making it very dangerous for pedestrians and bikers. Please consider the volume of traffic on weekends when studying what to do with this space. There are also multiple religious congregations who are struggling to find space. Having a space large enough to host congregations or large audiences would be a great asset to the community.

Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for youth and teen programming	As a parent of an 11-year old, we have to subscribe to 9 weeks of summer camp and while playground camp is an option, quality excursion & sport based camps are a need for our town. A community pool/indoor track and art center could provide more opportunities for employment and all-season town enjoyment. Virginia Outside runs an amazing program and McLean's community center runs preteen/teen camps with day excursions. It would be really nice to have a program like this in town for Vienna's kids. I know Club Phoenix exists but it really needs a trained youth counselor group running it, alongside pool, art and excursions Vienna has opportunities to create this now for youth & seniors alike as well as families.

547	Sell the property	Sell the property	The town should sell the property and let the purchaser decide what to do with it, not spend additional resources. The proceeds should be used to pay off any outstanding debt the town owes and if there is anything left over it should be saved for future emergencies or town maintenance.
548		Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics Opportunities for youth and teen programming	
549	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities for senior programming	Activities that bring the community together. For example: A venue for cultural and entertainment events, similar to those held at the McLean Community Center.
550	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Fitness and Aquatic Center - we lack community pools or fitness facilities - while I love the community center - pools and fitness came last. The community center can be more event focused whereas the an fitness and aquatic center could be a big revenue generator. Swim clubs have long waitlist so folks go elsewhere like Reston.
551	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to teach/learn	Public access pool, water, and exercise facilities within walking distance of Vienna residents.
552	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness	Outdoor community park and activities such as basketball court, tennis or pickle ball, skateboard, kids playground area
553	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics	A pool and indoor water park

Appendix B: Full Survey Summary

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
554	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for team sports and athletics Opportunities for youth and teen programming	Additional sport field and recreation space.
555	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Vienna desperately needs another pool!
556	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Concerts and other community events	This should absolutely be a pool (and if possible, tennis center). There are no public pools in Vienna (that I am aware of) and the waiting lists for private pools and country clubs are 5-10 years long. It's a really important part of life for individuals and families in the hot summer months, and those who do have the opportunity to belong have no opportunities to swim, cool off and enjoy the outdoors. My second suggestion would be some sort of indoor/outdoor gathering place - food trucks, concerts, movie theater - a destination for the community - perfectly located across from Waters Field. It could be used as a gathering place for community groups and other during the day.
557	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	
558	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities for team sports and athletics Opportunities for youth and teen programming	Indoor community Swimming pool
559	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Parking!!	Opportunities for individual sports and athletics Opportunities for team sports and athletics Opportunities for youth and teen programming	Parking in that area can be so difficult, especially Spring/Fall Saturdays when the fields are all in use and the farmers market is occurring. It is my favorite time and place on Vienna but parking is always a nightmare!
560	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	
561	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Woods and forest	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for senior programming	
562	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Central Non Profit center	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to teach/learn	Non Profit center

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
563	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Central location for our non-profits that is affordable.	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	How can we provide space for our non-profits who serve our community?
564	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for personal exercise and fitness	I would really appreciate a community pool. My 3 boys have not been able to swim for the past several years that we have lived here because there isnt any availability at local pools. We are on a few waitlists but our kids are growing up fast and missing a wonderful part of childhood.
565	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	Would it be possible to use the Annex Site as an indoor farmers market so that the Vienna farmer's market might run year round?
566	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics	Indoor pool
567	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics	Indoor pool

621	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	A community pool
622	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Permanent Pickleball courts would be a wonderful use of this space. Now that Glyndon Park has so many restrictions on it, there is no where to play. This sport is a great community event; I have met so many people in Vienna while playing. Everyone enjoys it and has a great time playing.
623	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for youth and teen programming	Town pool.
624	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities to teach/learn	The town is sadly lacking space for renting a large room/venue for large events/parties where you can serve alcohol such as a wedding venue or for service clubs to hold catered dinners at a reasonable price. The American Legion Hall isn't an option because they use the facility for themselves and the food quality is not consistent. The Moose Lodge is unavailable and the same applies to them as far as the food they offer.
625	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to enjoy the arts Opportunities for senior programming Opportunities to shop from local business and craft makers	It's great that the community center got a remodel, but Bowman House is lacking. While I enjoy the quaintness of it, it has a neglected infrastructure (tables, chairs, shelves and sinks are all old, very shabby) inadequate space for the demand, and that part of arts could be so much more. At the last registration, one pottery class had a wait list of 10 people! Any Vienna resident outside of town limits has very little chance of getting into a class. Two kilns seems insufficient because the glaze and bisque shelves are always packed, with little to no room to add a piece. The Annex could be a wonderful arts center that offers not only pottery but painting, wood working, glass blowing, tile mosaics etc. I would recommend that Bowman house could be kept for children/teens arts programs.

			With so many families with children moving into Vienna, I think that SW is really lacking a public open space and playground that is walking accessible to the residents of SW. We need a safe space for young children to run, explore, and learn to ride bikes. Additionally, we need a safe space for middle school and high school aged children to be outside hanging out with friends that isn't a retail store or restaurant. Crossing Maple to reach the Town Green or Glyndon Park is challenging and too long of a walk for young children. Vienna Elementary and Cunningham Park playgrounds aren't available to the public when school is in session. Waters Field always has practices occupying the fields. Parking could be limited to encourage local families to walk or bike to the park. A splash pad or fountain (Pineapple Fountain in Charleston, SC comes to mind) would be a very welcome treat to local families who are waiting 5+ years to get a summer rental at the local Vienna Woods pool. A park would be an excellent solution to limit the light and sound pollution impacting the existing houses on Elm St SW, Locust St SW, and Cherry Circle SW. We could keep the existing mature trees on the property. The garden areas could even be filled with sculpture from local artists. The Town of Vienna hosts wonderful events on the Town Green but they attract very large crowds (I lost my 5 year old on the Town Green for 15 minutes at Chillin' on Church last summer and it was terrifying). SW could host their own smaller, low-key neighborhood events in this space. I urge the Town to study what Arlington has done with Benjamin Banneker Park adjacent to the W&OD and the East Falls Church Metro. The park is located at the within the neighborhood and has a wonderful public playground and lots of native plantings. Families are often seen with picnics in the grassy areas along the W&OD trail at the perimeter of the park.

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
632	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	Beer garden, food truck space for entertainment community gathering with a safe space for kids to run around would be awesome!
633	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to shop from local business and craft makers Opportunities for team sports and athletics Opportunities for youth and teen programming	Mixed used including retail and non-chain, higher-end restaurants/food options (bakeries, butcher, etc.)
634	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers Opportunities to teach/learn	A true rec center with rooms that are sport specific vs. multipurpose rooms that don't ever really meet the needs of any of the various users. I do think a pool should be investigated--having year round water areobics and swim classes in town would be so helpful but I realized cost might prohibit that. A GYM with weights and equipment! A nice basketball-only court that doesn't need to be shared with other sports... and events.. and meetings... Indoor pickleball so the noise doesn't bother neighbors
635	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	
636	Public Art - Example: Galleries, public art installations, sculptures	Opportunities for personal exercise and fitness

660	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	
661	A facility for art much like the Lorton Arthouse or Alexandria's Torpedo Factory	Opportunities to enjoy the arts Opportunities to shop from local business and craft makers Space for art classes, studio rental, and other artistic persuits	Art facility like Lorton Arthouse or Alexandria Torpedo Factory
662	Cultural and heritage - Example: Library, museums, monuments Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to teach/learn	art- creative spaces, lessons. pop up markets.
663	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to teach/learn	Dance classes. Movie nights. Summer science fairs. Community food drives. Adult learning classes.
664	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for senior programming Opportunities for team sports and athletics	Recreational facilities which include a pool. A better location for farmers market. The current location of farmer market is a BIG problem for people taking classes at community center. It got so bad I refused to sign up for Saturday classes. Also great location for additional parking for use of baseball and softball fields.
665	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for team sports and athletics	Another town Greene type setting would be wonderful, especially since it'll be away from the hustle of 123.
666	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities for youth and teen programming	Playground, splash pad
667	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Pool and other recreational uses.
668	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Indoor pickleball because of the problems created when some residents complain about outdoor pickleball noise near their homes. The pickleball facilities at Vienna Community Center are often crowded and wait times are long. Pickleball is the fastest growing sport in the USA and is now spreading to younger and younger generations. While outdoor spaces are, often optimal, we have to consider neighbors. Indoor pickleball courts do not disturb the neighbors and allow play during times of windy, rainy, and freezing weather.

671	Cultural and heritage - Example: Library, museums, monuments Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Green spaces. More trees and natural areas.
672	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for personal exercise and fitness Opportunities for team sports and athletics Opportunities for youth and teen programming	Pool or sports fields. We are sorely lacking in both in the ToV!
673	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	Flexible spaces with outdoor spaces.
674	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Vienna would be great with a community pool!
675	Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers	Splash pad/playground would be fantastic for all seasons. It can also be a great draw for nearby businesses.
676	Educational opportunities - Example: Camps, classes, meeting/community rooms Public Art - Example: Galleries, public art installations, sculptures Better facilities for arts and crafts classes, creative workshops	Opportunities to enjoy nature Opportunities for individual sports and athletics Creative class and workshop space	Move pottery studios to that site; add space for other arts and crafts classes; add meeting space for guest artist demos and arts and crafts workshops.

681	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to enjoy the arts Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors)	I would love to see a pool in town.
682	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for individual sports and athletics Opportunities to shop from local business and craft makers	Indoor and outdoor pool. It's unfortunate that the only outdoor pools require club membership and have extremely long waitlists, and the closest indoor poil complexes are either at OakMarr or Spring Hill Rec. Center. And combo indoor/outdoor pool complex with indoor and outdoor facilities such as cor oickel ball and frisbee golf, would be a great addition
683	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for youth and teen programming

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
717	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for senior programming	Our scout troop (Troop 1539) had used Faith Baptist as a weekly meeting place for years. It was a wonderful facility, the gym was sufficiently large to have multiple uses from space for active games during regular meetings to more formal Courts of Honor. We could leave some of our regular meeting gear there, such as the flags and merit badge pamphlets. We could use the reception area for one-on-one meetings for scouts work on requirement, a break out room for Boards of Review, and the sanctuary for larger planning meetings (with the option to play training videos). It was a wonderful facility and we'd love to return to it.
718	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors)	The opportunity to do more for the arts, is really appealing. While I am not an artist, I feel for the local artists who I see having to host their displays in peoples homes, versus having more permanent public spaces for displaying and practicing their arts. We also really miss the bocce ball court that used to be over by the community center. If there is even just a little space on the annex property to replace that bocce ball court, that would be very exciting for our family. It's a really nice way for a family of many generations to enjoy something simple together.
719	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	Would Love a movie theater to replace the one that used to be in Maple Ave.
720	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts	We understand that the Patrick Henry Library will be closed for an extended period during renovation and construction of a parking garage. Could some of the library services be moved to the Annex. The library is a central part of the community and would be sorely missed.
721	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green Community gardens	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for senior programming	Indoor spaces for year around activity-absolutely no athletic lights or noise. Or nature open space with community gardens.
722	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	
723	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Community pool/ exercise facility	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness A community center with a common area where people could gather...with TVs, a patio.	A community room as described above where people could meet to play games, watch TV, play ping pong etc.
724	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors)	
725	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Pool facility, extension of the community center, perhaps?

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
735	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to shop from local business and craft makers	Sell it to a church.
736	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Entertainment options and youth programs or sports
737	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Theater for performing arts. Either local acts or national	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	A real town center where the community can meet and connect. A nice sitting area with a fireplace, game room, board and maybe table. Bookshelf with books to read. A fitness center for all. Coffee during the day and maybe an area to drink alcoholic and non alcoholic drinks. Card games for no money, lighthearted.
738	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	
739	Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for senior programming Opportunities to shop from local business and craft makers	More space for pottery, painting, and drawing classes for adults and seniors.
740	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Softball fields	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	
741	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for senior programming Opportunities for team sports and athletics	I love the Parks & Recreation programs and try to enroll in pottery class every session. The Bowman House is great, but it's small, which limits classes and class size. Each session classes and labs are full, and each session potters get turned-away. It would be great to be able to accommodate more students and more classes. There is also an unmet demand in the community for a broader variety of arts classes, including drawing, painting, glass art, and maybe even space for classes and programs for music.
742	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	baseball/soccer field
743	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	
744	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to shop from local business and craft makers Opportunities for team sports and athletics	Parking. There is limited parking when there's a game at waters.

Adult day care possibly mixed with child care? Supporting local businesses and providing classes?
746	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	
747	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	Creative facilities, indoor event space swimming pool
748	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for community groups)	Additional space for potential rentals and events
749		Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	
750	Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to teach/learn	
751	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for team sports and athletics	Multi use site - expanded community center, ballfield, place for music venues, camps
752	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Dedicated Indoor and dedicated outdoor Pickleball courts
753	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	More places for indoor and outdoor sports
754	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy the arts Opportunities to meet and gather (for community groups)	1) Music rehearsal space within the town of vienna. 2) Large performance space for music ensembles. 3) Large stage for the Town of Vienna Community Band. The community center is TOO SMALL for music performance.

756	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	indoor swimming pool; exercise facilities, class space
757	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	As president of the Optimist Club of Greater Vienna, I would strongly suggest that a venue for civic groups to conduct meetings would be extremely important. There should be a kitchen and dining facilities to accommodate various kinds of meetings.
758	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for team sports and athletics	dedicated outdoor pickleball courts
759	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	
760	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to enjoy the arts	Turn the whole thing into a natural park featuring native trees, shrubs and plants. It should be a nice place to walk and a nice place to meet up with friends on a bench or picnic table. (No sports please — the Community Center has that covered)
761	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Gym space, community meetings, theater, outdoor park/nature area
762	Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green Retail	Opportunities for personal exercise and fitness Opportunities for senior programming Opportunities to teach/learn	The Annex would make a great place to use as a Vienna Arts Center. I would love to see more space devoted to pottery classes (there always seem to be more applicants than space available) and also to other arts and crafts classes (painting, jewelry making, wood, leather working, etc) workshops and some open space that could be used for ongoing exhibits and sales. The lack of space available for Vienna (out of town) residents is always an issue when attempting to sign up for a class. The community center has been totally expanded and updated, why not give more focus on the arts, something both kids and adults can benefit from!
763	Cultural and heritage - Example: Library, museums, monuments Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	
764	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for team sports and athletics	1st pick: Move the library to the annex site and put a dedicated parking garage at the current library location. This would allow for a great library design, rather than the ridiculous combination of a library and parking garage. 2nd pick: Put in a soccer and multi-use sports field. There are a few baseball or softball fields in the Town, but nothing for soccer. And it'd be wonderful to have a sports field that could be available for community and individual use, outside of scheduled team events.

765	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Pool and retail (target, lululemon, etc)
766	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	I think it should be a mixed-use facility so that it can meet the needs of all residents especially from an educational standpoint and pop-up events. The space should have the ability to evolve as community needs change
767	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	Farmer market pavilion and gathering space. Outdoor indoor pool
768	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	Meeting space, maker/craft market
769	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for community groups)	Indoor play center for kids
770	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities for youth and teen programming	- Cultural diversity building events, opportunities, and resources - Programming and public/civic engagement center for child through early adult years - Indoor fitness and sports - community pool.
771	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	Performing arts center
772	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	
773	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to shop from local business and craft makers Opportunities to teach/learn	It seems like a performing arts venue is missing from the town. However little league games show there's inadequate parking for events here as is. With torpedo factory closing space the town could provide refuge for those displaced.
774	Cultural and heritage - Example: Library, museums, monuments	Opportunities to enjoy nature Opportunities to shop from local business and craft makers Opportunities to visit/learn about Vienna History and The Little Library	I think Historic Vienna needs a permanent exhibit space for the History of Vienna and the Little Library Museum (LLM). The Little Library Museum especially lacks room inside it's preserved small building for exhibits to explain its history.

775	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	I ton of Vienna as seriously lacking areas for kids together and socialize safely. One of the best things I think we could do for the town is use the space for a BMX and skate park that would encourage teens to be doing something productive, learning from each other, exercising, getting fresh air, socializing, and bring a new business to the small businesses that support the area in retail and restaurants. It really bothers me that there's no place for teens to go in this town. And that for skating and biking we have to drive either to Lake Fairfax, Wakefield Park, or Arlington. Driving teens out of the area, hurts the town of Vienna community and puts more of a burden on parents living here to go find things for their kids to do elsewhere.
776	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers	Please consider building a skate park! A lot of Vienna kids have to drive out to Fairfax. Arlington, etc. to get to one.
777	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for team sports and athletics Opportunities for youth and teen programming	Athletic fields
778	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Community events: social, youth, recreation.
779	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Pickleball
780	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	Pool
781	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities for senior programming	There is a serious lack of meeting/dining space for charities to utilize for their awards events and regular group meetings - social component lacking at reasonable pricing
782	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers

783	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	A town pool would be excellent. For new families moving into the area the wait list is 5-7 years to belong to local private pool and the yearly fees are very high. A drop in pool with a minimal daily fees would be perfect for young kids to enjoy. The Vienna parks and recreation could offer swim classes in the summer and water aerobics for the older residents. Ideally the pool would be 25 yds so adults can swim.
784	Lacking the basic functions of town government: good public safety, paved roads, snow & leave removal	Opportunities to meet and gather (for neighbors)	Sell it and get it back on the tax rolls. It never should have been purchased and the town paid too much. Make sure the developer doesn't steamroll the town council on height & density. Vienna is desirable, no need to cram 60 condos when 40 will sell just as quickly. Take the proceeds from sale and give a tax rebate back to the homeowners.
785	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness	1. Art Center - the current location is not central. 2. Public fitness center especially for seniors. 3. Nature Center focusing on local ecology, sustainability. 4. A venue for rotating cultural programming.
786	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to teach/learn	There wasn't this choice, but I think Vienna would serve the community if that property would be used for organizations like CHO etc.
787	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics	Indoor sports facility
788	Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms need public meeting space for 50-100 people, possibly with catering facility. Space at community center not suitable for an organization award dinner, and there is no such space in Vienna.	Opportunities to meet and gather (for community groups) Opportunities to teach/learn	public meeting space for 50-100 people, with catering support facilities. Not available now in Community Center or elsewhere in town.
789	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	
790	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Making the Annex Site the permanent home for the Farmer's Market.
791	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers	Expand community center by adding an indoor pool Move the public library to this location and use the library space to expand Vienna Elementary. Given the growth and influx of new families, expanding Vienna Elementary is increasingly important.

792	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Walking trails, extended field and sporting activities across from Waters field area, food retail for Waters field area and more, and dare I say, more parking for the entire area.
793	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	
794	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	Indoor swimming pool, space for nonprofit community organizations, Could this become an expanded facility for the fire department?

798	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy the arts Opportunities to shop from local business and craft makers Opportunities to teach/learn	The Annex is a great opportunity to expand Vienna's arts and pottery classes; provide a place for adult students to sell their work year-round; and provide a Maker Space. Covid brought so many additional people seeking pottery classes that currently not all town residents who want to take classes can find a spot. I'm not necessarily recommending that pottery move from the Bowman House, that's for the study team to determine. The addition of stained glass classes would be something new to the community. A co-op type space where adult art/pottery students would work (voluntarily) and sell their work, paintings, photography, pottery, etc. would be a terrific addition to the Town. A maker space where people could learn and use tools such as 3D printers; woodworking tools; embroidery machines; cricuts; etc., would provide new opportunities to the community.
799	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	Indoor athletics and fitness. Something that could be used as a multipurpose facility too.

809	With all the new town homes being built and existing homes being torn down and renovated with million dollar homes, vienna is in desperate need of full time child care! Due to covid many child care centers have closed leaving many parents to leave their jobs and stay home to take care of their children. As a teacher with my degree in ECE we are seeing more and more children with many more developmental issues due to covid, lack of socialization and businesses closing. The only other big site that would be perfect as a school would be VBCC. VBCC and other church programs in the area are only morning programs! With the economy the way it is now most parents need/want to go back to work. I have been a successful teacher for 45 years in this field and believe this would be the perfect place for a child care center!	Opportunities to teach/learn Perfect place for a Child Care Center!!	Vienna's lack of child care centers. The town's population is growing with the continued building of new town homes, tearing down of all homes that are being rebuilt into million dollar homes with large families with more children. This would allow more space in our elementary schools for grades 1-6 students!
810	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Roller rink	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	Check out white rock ymca in Dallas. Kids roller rink or hockey rink.
811	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	Community multi-use 200-300-seat site for movies, bands, lectures, etc. Leave the gym there for Vienna Youth basketball and other uses. Also have smaller meeting rooms and casual space with a coffee shop and playroom for kids. And informal outdoor space for seating, kids playground, etc. Make all the spaces, rooms, courts, etc available to groups and churches to use/rent, as well as for Town of Vienna events.

My kids love the community center and I would like to see the space used as a second recreational center for our town, especially as it grows. Gymnastics is always full after a couple days, same with many other classes they take, so adding more offerings for the town would bring in more money and support the community the best.

829	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers	We need an art venue to showcase and support local arts.
830	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for senior programming Opportunities to shop from local business and craft makers	
831	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness	Open space, park, demonstration garden. So many other areas have been basically paved over. Also, although I did not personally choose team sports in any of the selections above, the location of the annex does lend itself to expansion of the sports fields at Water's Field. Additional arts and crafts space (expanding the Bowman House w/ another building) would also be fine as long as not too much of the land is covered.
832	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities to shop from local business and craft makers Opportunities to teach/learn	Center for arts
833	Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts	I would love to see an Art space.
834	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for youth and teen programming

835	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	The town needs an art gallery and cultural center where all arts can be enjoyed: theater, music, literary events and art exhibits.
836	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness	Park, trails, kids playground
837	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	A semi-permanent space for youth groups to have meetings and do activities would be very useful. I am a Cub Scout leader, and it has been difficult to find meeting spaces that are available for free, or for a nominal charge. The meeting rooms in the community center are outside of what we can afford.
838	Cultural and heritage - Example: Library, museums, monuments Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers	Some fixed and some temporary. Many makers (art, crafts, etc.) need a small space and can't afford long term rent. There should also be free space for community groups to meet. The library is often not available or large enough and the community center does cost money to rent. Also, the Vienna Art Society deserves a better, more accessible venue. Focus on art and small retail in my opinion.
839	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities for team sports and athletics Opportunities for youth and teen programming	Retail/restaurants Activity space like bowling, escape room
840	Passive recreation - Example: Parks, open spaces, Town green Retail	Opportunities to enjoy nature	Gathering space, green space or playground should be considered as potential options for this annex location. Town pool, courts of any kind, including but not limited to pickleball, tennis and basketball should absolutely not be considered for this location. TOV has more than enough community parks to accommodate these particular needs, Nottoway, Glyndon, Meadow Lane, to name a few. Property values in close proximity to this annex would be drastically reduced and impacted due to the constant noise as well as the overall impact on surrounding homeowners daily lives. Safety is also another huge concern. Any kind of space that encourages and promotes loitering would also be a huge detriment to our immediate area. ALL of these factors must be taken into consideration.
841	Public Art - Example: Galleries, public art installations, sculptures Permanent Vienna Art Center	Opportunities to enjoy the arts Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers	Currently Vienna Art Center is in the basement of a rented space in an office/doctors building on Church St. A permanent space in an area where people know where we are and be large enough to display our art and have classes would be a dream 54 years in the making.
842	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for youth and teen programming	space for kids and teens to particpate in healthy activities
843	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors)	1. Pickleball courts as a place for people to exercise and connect with each other 2. Preschool with access for special needs children (very hard to find) 3. Facilities to encourage healthy development of expression (music and visual arts; writing) or education (similar to “Chautauqua Institute” sessions). Inclusive enough to include youth through seniors.

844		Opportunities to enjoy nature Opportunities for senior programming Opportunities to shop from local business and craft makers	Sell the property and reduce our Town taxes
845	Cultural and heritage - Example: Library, museums, monuments Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to teach/learn Opportunities for youth and teen programming	With developers taking down 163 acres of timber within the Town of Vienna recently - reference Vienna Voice Jan 2023 article from Town Council Member Steve Potter - we could use the space to PLANT trees. A planned park would enhance the quality of life in Vienna and make people want to move here. Consider tearing the building down and creating some wooded space in downtown Vienna.
846	Passive recreation - Example: Parks, open spaces, Town green Retail	Opportunities to enjoy nature	Gathering space, green space or playground should be considered as potential options for this annex location. Town pool, courts of any kind, including but not limited to pickleball, tennis and basketball should absolutely not be considered for this location. We need more safe spaces for the youth and teenagers (especially girls) to congregate safely later in the day. It would be wonderful to have a pool, with a swim club for TOV residents. More public art and open space.
848	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness

850		Opportunities to enjoy nature Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	parking garage
851	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	A Pool and more tennis courts are much needed for the town residents. All local swimming pools and tennis clubs have years long waitlists and there are not enough tennis courts in town. Especially indoor courts
852	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	Fitness center (gym) with group exercise classes, weights and equipment a pool if possible. Like a Fairfax county Rec center, pickleball courts Small Concert venue

855	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Passive recreation - Example: Parks, open spaces, Town green Seniors only social and recreational space	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for senior programming	More space for living and enjoying space for the seniors that helped build this town.
856	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups)	It could be used as a creative/educational center, with spaces for art classes, dance, and spaces for the community like rentable classrooms/meeting rooms. A community-staffed shop selling good made by Vienna makers would be great. And there could be outdoor and indoor space for classes and ongoing community work in sustainable gardening and land use.
857	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for community groups)	I would like to see a permanent facility for the summer Farmer's Market with parking next to the market area. Summer time parking at the Community Center on Saturdays is impossible, with all the sports games, Market and additional activities. Manassas has a nice permanent facility for their farmers market - a covered area with nearby parking.
858	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms	Opportunities to meet and gather (for community groups)	Space for local non-profits. 860	Cultural and heritage - Example: Library, museums, monuments Public Art - Example: Galleries, public art installations, sculptures Retail	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors)	The Annex should include two types of large open multi-use spaces One needs to be a "messy" space, floors and walls easy to wash, with sinks. That space can be used for art classes, camp activities, preschool activities and creating community art projects. Walls throughout the Annex can be used to highlight art and education installations. A Children's art wall, a wall devoted to seasonal themes, etc. and a wall with pictures and history of Vienna through the years or explaning our local environment and its issues. As we have ever more public art in Vienna, the Annex would be the perfect place to explain how those pieces came to be and how they have come to define our community.
861	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	Increasing walkability/bikeability of the neighborhood. This land is close to bike trail, which is major walking/biking path in the town. Embrace that!
862	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	The Town should explore a multiplex sports facility for several reasons: 1) It is an attractive asset for new homeowners and raises values, 2) the Town is short on rec facilities (always fighting for gym and field space), 3) Indoor soccer is in high demand - thus, the facility will be paid for by league dues. The closest sportsplex for indoor soccer, for example, is over in Springfield and it's a dump. But it's packed most days and weekends. The proximity of kids concentrated near the police and fire stations is also a good thing. This multiplex could have soccer/basketball/lacrosse and other fields indoors. There could be a small restaurant that serves parents while they wait for their kids - another revenue generator. This multiplex would bring people into the center of our community where they would then presumably spend money at local Vienna businesses.
863	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups)	Fields for lacrosse and soccer. No pickel ball!!!!!!!!
864	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for team sports and athletics	Sports fields are at a huge premium in the area
865	Retail	Opportunities to enjoy nature	
866	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to enjoy nature Opportunities to shop from local business and craft makers Opportunities for youth and teen programming	Build the parking garage there and leave Patrick Henry Library as it is. Or build affordable housing there.

877			As a member of the Board of Directors for the Vienna Theater Company, I'd like for us to have a little extra storage space for our sets, props and costumes. We do not have adequate storage space and have to throw away or if we're lucky give away a lot of pieces that was paid for through our sponsorship. We do have a patron who gives up offsite costume space but it is 5 miles away and volunteers only have access to it 9-3pm on weekdays which is limiting for those who are teachers, for example.

889	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to shop from local business and craft makers	I've thought about this for years - we live right around the corner from this space. A few things immediately come to mind: 1. MORE GREEN SPACE - this could be a beautiful park for all to enjoy...creative plantings, walkways, TREES, FLOWERS and places to sit & reflect - or - 2. A Vienna version of the Torpedo Factory of Alexandria! How amazing would it be if we offered space for local artisans to rent space to create, display & sell their work? This could be really exciting!! We already have the Community Center for community gatherings...an artisan's space could bring a whole new level of culture to the town. I hope this could be on the list of possibilities.

909	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Retail	Opportunities to enjoy nature Opportunities for team sports and athletics Opportunities for youth and teen programming	please consider a space/building that would allow more gathering places for teens/youth. Exercise spaces, a community pool, more (indoor) basketball courts, maybe a turf soccer space? We have so many children that love to play sports in this town (adults too!) and we need healthy options and places for our kids to enjoy going to and gathering. Maybe a game room too! A maker's space for artists, woodworking, etc!

913	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail restaurants with outdoor seating	Opportunities to enjoy nature Opportunities for personal exercise and fitness	Centrally located, this property is the perfect permanent new home for the seasonal Vienna Farmers Market. Repurposing the existing structures would allow the Town to reimagine this market with inspiration from successful sites like the Eastern Market in DC. The Annex Market could serve as a weekly destination spot for Town residents, moving beyond the transactional focus of the current Farmers Market to an experience where family and friends can gather and linger. The Annex Market would allow for permanent stalls, which would lower costs to vendors and encourage variety. Local restaurants and retailers could be featured in “pop-up” locations. An indoor stage would provide a purposeful spot for musical performances. This permanent structure also allows for a longer market season and could be repurposed for other special events. Also, by extending the weekly market’s hours until 3pm, indoor and outdoor trestle-style seating could be serviced by food trucks in the ample parking lot. Later hours would also allow for wine and beer tastings by local businesses. To enliven the site, the brick exteriors are the perfect canvas for murals and public art. And the property is large enough to offer small community garden plots for rent to Town residents. This would also help generate additional revenue. Finally, moving the market here would free up parking at the Town Center, reducing traffic congestion and street parking.

Swimming pool for town residents 2. Children's museum 3. Flexible space for pop-up events/exhibits - think dinosaur exhibit at Dulles, Lantern lighting in Tysons - but on a smaller scale
915	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for team sports and athletics	Thank you for this thoughtful process. We have young kids and travel to other town/county facilities. I feel that's lacking is a public pool facility/complex and more personal training facilities. Typically these buildings also include more space for educational activities (conference rooms) and gatherings. A multi-use, athletic and aquatic facility to close the gaps of the current community center would be welcome.

We don't believe there are any paid co-working space is currently available in the ToV so I think this would be a very welcomed addition with the space. The opportunity for a coffee shop within this co-working space we think would gain traction too. The space can be used for all type of community and town events during evenings and on the weekend, but the opportunity for innovative groups to gather from all ages is an exciting possibility. A brainstorming space for certain academic, tech, government space could be very cool.

935	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for team sports and athletics	I'd be interested to see if there is demand for a skatepark, 5 v 5 soccer fields, or tennis courts. There are already ample facilities for young children and adults, and I think it would be great to add something that would draw the teenagers from the area. Plus, having a skatepark next to the police station would provide the opportunity for kids to get used to interacting with the police and see that they're approachable and helpful. (to be clear, the Vienna PD is awesome and get along well with everyone/ have great community relations).
936	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy the arts Opportunities for personal exercise and fitness	Parking! a swimming pool? does the town government need more office space? 939	Educational opportunities - Example: Camps, classes, meeting/community rooms Before and after school childcare programs within the school boundaries when a child can not get into SACC.	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to teach/learn	Possible location for SACC to accommodate the children that are not able to get into SACC. For instance, Vienna Elementary School has a tiny SACC capacity due to the size of the school. And SACC uses a roll over wait list system. Which means when families register their children for the upcoming school year they are already further down the list. If we can find a centralized location which has a bigger capacity for SACC this could possibly alleviate the problems where families can not have before and after school child care.
940	Educational opportunities - Example: Camps, classes, meeting/community rooms Public Art - Example: Galleries, public art installations, sculptures Place for makers to get together and learn from each other and build	Opportunities for senior programming Opportunities to teach/learn Opportunities for youth and teen programming	Community maker space with focus on teaching young pre-adults how to design, build in a physical world. Bringing together technical and trade experts with 14-24 year olds to teach them and build at the intersection of art, science, and trade.

Remove the church, put in parking, perhaps a garage? and a place for the farmer's market and other similar activities. We love the farmer's market, but are tired of fighting for parking to attend it and other events and activities that are the same time. The farmer's market is awesome, but we now dread going due to the parking issue and where the market is now, it takes highly sought after parking from other events at the community center. Other events could use the same space at other times, IF there is more parking. Another town green type place - which also has no parking, so we stopped trying to go to events there too.

Such as another Town Green type of space. If the town continues to grow at the pace it currently is, such as adding all of the different types of housing and retail, it would be a smart to provide another casual green area other than the town green (which is great! But especially during events it gets crowded or is often the center of the event, which doesn't leave you another gathering spot) It's a great spot: close to the new housing developments, school, baseball/softball fields, and community center.
972	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	Multi age play area with space for events and a playground.

979	Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature	Given the number of dogs in the neighborhood, I would recommend at least a part of the Annex be used as a dog park and the rest could be green space. As a dog owner, I have to drive to Nottoway every morning to take my dog to the dog park. It would be so much more convenient to be able to just take him down the street.
980	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness	1) WEIGHT ROOM - The building itself could be used as a community weight room. Being a spouse of 34 years retired military member I have lived in many towns and cities. Some of the best facilities I've seen are from Coronado, CA and Lousiville, CO. I recommend checking our their websites. 2) PICKLEBALL COURTS - use the parking lot as pickleball courts and part of the indoor facility for courts to use in the winter.
981	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Dog Park and Indoor swimming pool	Opportunities to enjoy nature Opportunities for personal exercise and fitness	There are an increased number of people with dogs, but no good area for them to socialize.

This would include improved athletic facilities such as an indoor pool available to community citizens In parallel would want to have an area of open space which can serve to be a community gathering venue and for local events
990	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	Inclusive recreation for those in our community with disabilities - there are so many families that need these options. What better way to strengthen the fabric of our community that by seeing ALL members of the community and bringing us ALL together. This could be an inclusive park, or a theater built for inclusion, etc - the point is to prioritize a best in class inclusive result in whatever project is chosen.
991	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics Opportunities for personal exercise and fitness Opportunities for senior programming	A indoor pool.

The closes one is in Tysons or the Oak Marr Rec facility which are 25 minuets away in traffic.
994	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	We moved here from Elmhurst, IL 5 years ago and the parks there were some of the most beautiful I've ever seen. We had an outdoor ice rink right in the downtown area where youth hockey teams played, people could take ice skating lessons, have birthday parties, girl scout gatherings etc. In the neighboring town was an amazing Family Aquatic Center which is what I really think this town needs. There was an indoor pool, a water play area for little kids and a water slide. Then outside was an entire outdoor water play area. Please check out this facility at www.obparks.com. We used to go to birthday parties here all of the time and our kids took swimming lessons here year round. It was a great facility we utilized all year round. There was also a park called The Hub that had an outdoor splash pad, mini golf, batting cages, playground equipment, picnic tables and concession stands. It was always packed and a popular place for birthday parties and smaller corporate events or girl scout/boy scout events. You can get more info on The Hub at www.epd.org

1001	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness	Green energy making the town of Vienna net zero would be an amazing goal. Integrating solar panels/vertical windmills/geothermal power or some combination with battery storage to what finally is decided for the space would not only create self generating revenue but also very forward thinking.
1002	see below	see below	Community festivals such as Viva Vienna and Oktoberfest are a big part of the fun of living in the Vienna area. However these events rely on access to the property owned by Mr. Lane. If for some reason this property were no longer available for events, due to a change of mind about approval, or sale of the property, or any reason, then the ability to hold events along Church St would be greatly affected. I'm suggesting the Annex property be considered in light of this vulnerability, perhaps as an open area that could be used with Cherry St and the community center as a new location to hold community festivals, and for other outdoor activities. Perhaps a large tented area.
1003	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	swimming pool pickleball courts

1005	Cultural and heritage - Example: Library, museums, monuments Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	With the high price of real estate the town should consider selling or renting the space to a local church. There are a number of well established churches in Vienna that were outbid when property came up for auction. Letting these churches along with other civic/non-profit groups share access to the space would be valuable to the town and would avoid construction costs with tearing down the existing building. This would seem to bring the highest over all value to the community.

1010	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for senior programming	I'm in favor of quiet, nature areas (i.e. trees, walk trails) along the housing fence line to keep noise down for those residents. Along Center Street and next to the police station, we might consider a splash pad, skate park, volley ball or roller rink. I'd also like to see an open field where impromptu and individual physical activity can take place. Vienna does not need more pickle ball, basketball or tennis courts.
1011	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for individual sports and athletics Opportunities for senior programming	Art and sports

1017	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Public Art - Example: Galleries, public art installations, sculptures		The gym would be ideal for indoor pickleball courts. The classrooms would be ideal for overflows from Vienna Elementary School, the Recreation Center, and Bowman House, or to lease to a day care center. The open space could be used for games for small children or a dog park, or a community garden. The former sanctuary could be used as an auditorium. The front yard could be used as a secure staging area for fireworks displays so that we can at last return the Independence Day fireworks to Waters Field.

1041	Passive recreation - Example: Parks, open spaces, Town green Public Art - Example: Galleries, public art installations, sculptures Public Access Pool	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities for personal exercise and fitness	1. Public housing for Police Officers, Firefighters, and Teachers so that the people who serve us can afford to live among us. Alexandria did this in the 70s which allowed my family of teachers to live and work there. 2. A Public Pool. Vienna "Community pools" have 5-7 year waits and are cost prohibitive. 3. Community Theatre for music groups to practice and perform.
1042	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for team sports and athletics Opportunities for youth and teen programming	

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
			The study team should consider using some of the Annex Site as storage for the Vienna Theater Company. We are privileged to be sponsored by the Town to present live, high quality theater to the Town of Vienna and surrounding communities. To promote our sustainability and efficiency of the Town's money, time and labor of our volunteers, having more storage space to keep more materials purchased, to reuse for other shows, would make sense. The cycle we experience is at the end of a show, we end up throwing away materials, we could potentially reuse to build sets for other shows, because we do not have space to store. We face the same issue with both set pieces (furniture) and props. The study team should also consider using some of the annex Site for costume storage. We have no space to store costumes on site. We do have a board member who very generously donates space at his place of business to store costumes. However, this space is several miles away from VCC, in Fairfax City, and is only accessible between the hours of 9 & 3pm. These inconveniences greatly limit our costumers using it as a resource. Also, we could lose this space for many reasons at any time.
1043	Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy the arts Opportunities for personal exercise and fitness Opportunities to teach/learn	
1044	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Indoor, multipurpose, flexible space. Add features that either aren't offered or in short supply in current rec center - fitness center, indoor courts, indoor track, camp space
1045	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for team sports and athletics	Skateboard park, older child playground, indoor pickleball

Extension of the Community Center. Creation of a comprehensive Rec Center that residents can use.

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
1050	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green Retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities for youth and teen programming	
1051	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for personal exercise and fitness	Park and natural spaces as the years are limited, and can never be regained. Furthermore, as new development takes down more and more trees, the ones we have become more important.
1052	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Public Art - Example: Galleries, public art installations, sculptures	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	Low to moderate income housing.
1053	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	Open space for larger farmers market, etc. More community rooms for meetings, classes, private uses.
1054	Educational opportunities - Example: Camps, classes, meeting/community rooms Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to shop from local business and craft makers Opportunities to teach/learn	I would appreciate an enhanced arts and crafts facility with more equipment and programming than is available in the small existing location. I think this use would attract users who are not currently thinking about activities like pottery and similar hands-on artistic/craft programs.
1055	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to meet and gather (for neighbors) Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	i think creating open space (e.g. park with fountains) for neighbors to gather would be good. I don't mean any organized sports or team activities as we already have Waters and Caffi fields for that. It could also serve as a more effective location for the Vienna farmers market instead of having to have that in the parking lot of the community center.
1056	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for team sports and athletics	Soccer field, pickleball, entertainment venue, homeless shelter, farmers market/pop ups
1057	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities	Opportunities for individual sports and athletics Opportunities for team sports and athletics	Softball fields for town girls to offset the loss of Louise Archer.
1058	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Public Art - Example: Galleries, public art installations, sculptures Retail	Opportunities for personal exercise and fitness Opportunities for senior programming Opportunities to shop from local business and craft makers	Indoor swimming pool

1070	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers	How about a climbing wall or bouldering gym? There are new technologies that let you use an app to plan out your climbs (Friction board). It could include a place for working out or taking fitness classes. Experiential activities allow friends, neighbors and families to bond while doing something healthful and learning something potentially new. Perhaps if it is a fitness-oriented space, there would be room for pop-up areas where citizens can try new physical activities. (reformer pilates, martial arts, strength-training.)
1071	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to meet and gather (for community groups)	Performing arts site, music venue

Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
1089	Cultural and heritage - Example: Library, museums, monuments Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to enjoy the arts Opportunities to shop from local business and craft makers	Please keep some of the space as parking, but make most of it green space. I would most love to see a park with trees and native plants (and help increase Vienna's tree cover), but also open space for picnicking and community events such as craft markets, farmers markets, etc. Please do not put any fields with artificial turf, as those usually have strict usage rules that prevent community events and even much passive use, and are not good for storm water management, etc. Please also do not put a bunch of buildings on the site. A small comfort station would be appropriate, but the region is rapidly losing green space, and another green area like the Town Green would be a great addition to the town.
1090	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy nature Opportunities for personal exercise and fitness	Please consider making a dog friendly space. I don't have a dog, but many folks in Vienna do, and the trails are so crowded on the weekends.
1091	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	
1092	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers	
1093	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities to meet and gather (for neighbors)	Open parks, greenery. The town also has a lot of dog owners and there is no dog park in the heart of vienna. A small dog park would be a wonderful addition.
1094	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors) Opportunities for youth and teen programming	
1095	Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to meet and gather (for neighbors)	Nature park. Lots of trees with a picnic area and dog park. With everyone in Vienna cutting down trees on their property, the annex should be used to restore some tree canopy to Vienna. A dog park, nature trail, and picnic area would ensure that everyone in the town could benefit from the space.
1096	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Entertainment - Example: Amphitheaters, concert venues, event venue, movie theater, performing arts facilities Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities to enjoy the arts Opportunities to meet and gather (for neighbors) Opportunities to shop from local business and craft makers

			Center Street has become dangerous due to increased traffic and parking and lack of traffic code enforcement. Adjoining neighborhoods are also plagued by clogged streets as well as noise and emissions pollution. Speaking of pollution, have you seen the amount of trash left on Waters and Caffi fields? Nothing like lots of leftover Chipotle and Chic Fil A to attract rodents. I strongly recommend we invest in a low maintenance park space that supports the neighborhood need for a green space which can be accessed by pedestrians and cyclists only (no additional parking). I do not want more parking spaces or increased traffic brought on by team sports, or other organized activity. Noise and vehicle emission pollution should also be considered. For example, how does the neighborhood around the pickle ball courts on Glyndon feel? What can the Town learn from that experience?
1115	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for senior programming

1117	Educational opportunities - Example: Camps, classes, meeting/community rooms Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Nature and eco hub. Vienna has a reputation for being green... but could do more to increase the reality of that value. A nature center, compost and recycling hub. *For "open space" would LOVE to see an incubator kitchen that can be used by individuals for cottage food and other small food industries run by residents.	Opportunities to enjoy nature Opportunities to meet and gather (for community groups) Opportunities to teach/learn	See notes above! Would love to see a compost drop off there. Vienna really needs a community space and support for that. I think the interest and participation are there. Our family would be in!
1118	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Retail	Opportunities to enjoy nature Opportunities for individual sports and athletics Opportunities for team sports and athletics	indoor/outdoor swimming pool; indoor turf facility for teams;

1123	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail	Opportunities for individual sports and athletics Opportunities for team sports and athletics	This would be a fabulous site for indoor Pickleball . Food would be good or if you want a younger crowd as well maybe brewery . I like food truck rotations like they do in Austin . The issues surrounding sound and competing with tennis would be resolved . The entire DC Metro area is in need of more places like this and if Vienna starts this trend , more will follow. I am an avid tennis player and respect both sides of this issue. I am 55 years old and have coached and played both for awhile now. Happy to talk as I feel I am a very good listener and diplomatic. 571-332-0114. I live in postal Vienna . 22180

There are a number of outdoor options but in the rain, cold and blistering summer heat the options are limited.
1131	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for individual sports and athletics	Since there seems to be an animosity between several residents around Glyndon Park and the growing number of pickleball enthusiasts, this facility might be an acceptable solution to that problem. I suggest this because I am a pickleball instructor and the number of people asking to learn the game has grown exponentially and many of these live in Vienna.

1200	Active Recreation - Example: Basketball, exercise facilities, pickleball, pool, tennis, trails	Opportunities for personal exercise and fitness Opportunities to shop from local business and craft makers Opportunities to actually meet with and get to know Town leaders.	Fitness Center; Community creative production studio to nurture local talent from high school to adult in visual and creative arts; Nature Center to tie in with the community's passion for sustainability, green living and environmental awareness; Rentable/reservable outdoor pavilion with picnic tables and grill for private and public events for 150+ people; community gardens with rentable, reservable plots.
1201	Open Space - Example: Farmers markets, food trucks, makers markets, pop-up retail Passive recreation - Example: Parks, open spaces, Town green	Opportunities to enjoy nature Opportunities for personal exercise and fitness	Reimagine the annex site as the core of a town-wide urban forest network. This could be accomplished in phases, first by planting native trees and gardens in open areas and eventually removing paved areas and buildings over a multi-year effort. This would help address the town's loss of its tree canopy while adding a "green" buffer for neighboring residences. A trail and benches could be added over time and the area could serve as a place for residents to learn more about sustainable practices and tips for use on their properties.

Submission ID	5. What three activities do you feel the town is currently lacking or would like to see more of? (select up to 3 responses)	6. Given the choice of the following opportunities, which three do you value the most in public spaces in the Town of Vienna? (select up to 3 responses)	7. What types of uses should the study team evaluate as part of this long-term use study for the Annex Site?
			Faith Baptist Church was founded by Virginia and David Coates in 1952. As a matter of fact, Virginia's maiden name was Manvell, the name of a road in Vienna that derived its name from her family and on which she lived for many years. As the years went by, many families called Faith Baptist their church home and it was from the generous donations that the church was able to grow and prosper and ultimately construct the building that is now the church annex. I've heard stories that when times got tough or when the building needed to expand there were members who would even take loans out against their own homes to provide the needed funds. In recent years when discussions came up about selling the church building the belief was that the church would not die but would continue go on through meetings at another location or even through building again. There were numerous votes but I think the prevailing thought of most members was of the trust that this would occur. It has been over two years now and unfortunately this has not occurred and the funds are no longer even in the town of Vienna to be of be of benefit to our local community. It is my hope that there may be space made available to folks like us or those with like intentions to utilize to meet and worship

61	It is sad that we have to wait 8 years to join a private pool and then pay thousands in fees to maintain access. Pool access has become something for the rich in vienna. Like camps and other programs, vienna govt offers an affordable option for the middle/working class. Although the overall income in vienna is increasing there are still many of us that cant afford the luxury of a swim club. This pool should be open to town of vienna residents. I think this would be an amazing addition to our community. We can build swim teams, swim classes, and build a community not just for the rich. The nearest pool that we could afford is oakmarr and that is just not close enough for us.		35 to 44

305	I propose moving the library to the new location and using the current space that the library occupies for another use that fits better into the current retail structure along Maple Ave.		45 to 54
306	Would love to see a large community room available. Vienna Moms used to host our big parties here with bounce houses indoors and plenty of space for extras set up. Would love to see space dedicated to nature. Space set up for an indoor track. A playground available during school hours. Space for the library to expand and be a library not just a place to park like the town wants to turn it into.		35 to 44

342	The location of the former church is in the center of town across from the fields and walking distance to the TOV Community Center. Finish what was promised during the last community center renovation! Vienna needs an outdoor public pool for all to use. Perhaps sell annual memberships, but also have daily passes available for single use visits/other. Do not discriminate who can use this pool. If you live in the TOV, you should be able to use this pool. The Town just spent $14 million on a new state-of-the-art Police station. While this is nice, it really only benefits our very small police force. The 11,000+ TOV residents need an outdoor pool for all to be able to use! Also, please leave the mulch yard undisturbed. It is a wildlife habitat for nearly two dozen deer, several fox dens, squirrels, birds, and other wildlife. When I ran for Town Council, I visited several families whose homes abut the mulch yard and almost everyone preferred to have the mulch yard closed and the property reverted back to a wildlife sanctuary with the building/vacant home converted to a nature center and place for neighbors and scouts to meet. Thank you for allowing feedback. Please don't disregard it as was done with the surveys taken during the last community center renovation.	[redacted]	55 to 64

348	with whatever goes into the Annex, we need to think about having it available for Vienna residents as much as possible or as priority, we need to think about adequate parking for the facility, and we need to think about how to help keep speeds down in the area of center/waters field/fire station. 393	The town that I have known and loved since 1980 has taken a direct turn for the worse over the last several years. Monstrosity buildings like the Flagship Car Wash/Chik-fil-A should NEVER have been allowed to happen. Vienna should take pride in its small town feel and should do everything necessary to maintain the wonderful vibe it has had for so many years. If those in power in Vienna are not exrtremely vigilant, the town risks being swallowed up by the ugliness of Tysons Corner.		65 to 74

396	Please DO NOT DESTROY OR DEMOLISH the building, it was formerly a church and is more than 70 years old and has cool architecture. By Vienna, VA standards, it is historic and in my opinion should be preserved because it has personality. Do not replace it with restaurants, retail or housing, we have enough of them! Turn it into a community center with exciting events, similar to Mclean community center, etc for art galleries, community classes and training, extra curricular activities / community engagement for all ages and for volunteers, etc similar to what Europeans do.		35 to 44

400	McLean has a lovely theater with performances, I could envision art and music classes and performances, a theater, and part dedicated to nature and animals like a nature center/ art house. The bowman house seems small and crowded and children do not have much to do there. The Community Center in Vienna is amazing and there is a large focus on gymnastics and basketball. Maybe this new building could be more focused on the arts. I am a realtor in town and I think that would be a nice offering to residents and students. Elementary school talent shows are currently at Madison for Wolftrap. It would be nice to have a nice town option. Musicians, comedians, singers, artists, photographs, art classes for students and adults, etc could all happen here. It could be a peaceful space with art and nature mixed in. Maybe a few resident animals for kids to visit kind of like how Meadowlark Gardens used to have a few animals. They could become the treasured Vienna pets and mascots - frogs, turtles, a chameleon, birds, not a lot, just a few to add to the arts and nature theme. Maybe a yoga and Meditation room too dedicated to the power of the mind. Holy Comforter has that lovely circular walk at the bottom of their parking lot. Ideas like that for relaxation and calm mixed in with art and nature and a theater/ movie sceeen option.	[redacted]	45 to 54

414	I grew up in Vienna, VA and just moved back here a year ago. I spent the last 27 years in Denver where park spaces are highly valued and there is always an effort to carve out more. I believe Denver has the most parks per capita for a city of its size. As a physician specializing in children and teens and their mental wellbeing, it is essential to provide them opportunities for outdoor engagement, that are not always necessarily connected to sports. Quiet areas for walking, exploring nature, reflection, meeting with others, opportunities to garden, learn about nature, participate in the park in some way, would be ideal uses, in my opinion. 463	I think the priority should focus on the people of Vienna and providing more space and opportunity to come together without a formal event (i.e. a team practice) in nature and being physically active either as an individual or in small groups. I know there are other active parenting groups but they are usually either done through a church or require people to host at home. A large open space where parents could just show up with little kids and toys and hang out allows community to build. The same goes for local seniors. It's difficult for everyone to be able to host events, especially for large or chaotic groups so this is a genuine community need.		35 to 44

586	Allow for parking for whatever is chosen. Already difficult there. Not ideal to park in front of current church on the street when there is baseball. Cars are always being hit with foul balls. Parking is such a huge issue around that area and in Vienna. Do not allow another vape shop, sketchy massage place, mattress store or bank in this town.		45 to 54

599	This is a great opportunity for Vienna. The Town Green is great but we need gathering place for creative activities. And a permanent farmers market structure would be better than the current parking lot version which lacks character and community feel. It could be used in other ways throughout the week. Chess for example. And craft fairs, kids classes, gardening events, etc. Adding landscaping, seating and picnic or park tables would be great too. Plus some kid play places---not necessarily a full playground. Thank you for helping to make Vienna even better!		55 to 64

633	Overall, the town is missing unique retail and unique/diverse restaurant options/food shops (bakeries, butchers, etc.) - we could be like the Leesburg's old town, but instead our downtown /Maple is lined with gas stations, banks, mattress stores and chain restaurants - making it less attractive to stay in town to spend money when you can go to a neighboring town for those types of activities.		35 to 44
634	Also, if there was a way to also incorporate a better pottery studio! The Bowman house is so cramped. Could Bowman be art, and then we build out a bigger pottery studio--we are always bumping into each other in every pottery class I've ever been in there. The Bowman house looks adorable from the outside but inside it is quite embarrassingly small and rag-tag put together.		45 to 54

638	Pickleball is all the rage and there aren't nearly enough places to play in Vienna. If you build more courts you'll find that they'll be FULL during "allowable" hours. They'll bring Vienna residents much joy and build more of a sense of community than we already have.		65 to 74
639	The Town Council's decision to reduce pickleball play at Glyndon Park due to noise complaints has significantly reduced opportunities to play this fast-growing sport in Vienna. The annex site offers opportunities to address this by either constructing outdoor courts with noise abatement measures, or constructing them indoors in the annex building. If either option is chosen, please consult with the pickleball community on design, as the current striping at the Rec Center leaves courts too close together, and those three courts are far too crowded to allow for uninterrupted play.		65 to 74

668	If pickleball courts are constructed in the facility, they could be named in memory after Pickleball Ambassador Sally Unger who recently passed away after advocating for the sport in Vienna and the larger Fairfax County. Outside of the facility there should be a state of the art playground for the increasing number of young children living in Vienna. The church had a playground but it was not well-maintained. Trees and native plants should also be planted extensively on the property as our tree cover is diminished by continuing McMansion construction.		65 to 74

671	Vienna has lost a significant amount of mature tree coverage in the past five years. 704	When the Vienna Community was remodeled a similar poll was done for the residents and the top choices were to add an indoor pool and an exercise gym. Would recommend those be actively considered again as neither were implemented. Would suggested looking at Oak Marr rec center as that is the closest equivalent. The indoor pool is overbooked with classes and it is very difficult to get into to those classes. In addition the racket courts and exercise classes are also oversubscribed indicating a high demand for those types of facilities in this area.		35 to 44

718	Raising our family in Vienna, we have appreciated all of the wonderful things there are here for youth. Now our kids are out of the house and we have downsized and chosen to stay in Vienna; we are meeting more citizens of Vienna in the older generations who are also choosing to stay and Vienna, and some even retire here, (not yet for us). My children enjoyed classes at the Community Center, and the expansion of has made more space for these programs. We live in very close proximity to this annex and we live in an area that sees construction almost around the clock. Our property values and more importantly our way of life will be heavily impacted by any decisions made surrounding the development of this annex. Homeowners less than 1/4 mile should absolutely have the opportunity to weigh in on the proposed options for this annex location, as this will have a major impact on all homes surrounding the annex. 853	The city of Vienna is beautiful and charming. However, there are some things that need to be addressed. Firstly, there are spaces around the metro area, on Nutley street, that are dirty and filled with garbage behind the vegetation. Secondly, it would be good to have more food markets, cultural events, exhibitions, concerts, book launches, and documentary film screenings. These events bring the community together. Lastly, the promotion of existing events needs to be better organized. Advertising is essential when any kind of event is organized. Overall, I am very pleased to live in this beautiful and charming city and I congratulate the local councilors and the mayor for the way they manage and administer the city. Congratulations! 889	We've also thought about a community indoor pool or hockey rink - the space would allow for it, yes? I do worry about the level of traffic & parking issues but hope that all factors are carefully considered so we don't bring a heightened level of security risk to the neighborhood. Heightened security risk would be my biggest concern, as someone who lives right around the corner from this space. So many young children are dashing to & fro on Center Street with the ball fields right there.....safety has to be carefully considered, plus the security of the homes & neighbors most closely surrounding this space.		55 to 64

City of Fairfax has amazing playground like van dyke park that become community hubs and neighborhoods like mosby woods with great pocket parks. Vienna has sad strips of woods it calls parks. And huge parks like nottoway with a tiny playground that is 20+ years old or Peterson lane with also a decrepit small playground and no place to sit. 977	The VCC theatre groups suffered a sever loss due to the renovation of the Center. Beside the down time due to construction the groups lost a very significant amount of materials used for their productions. A great amount of effort was expended producing this material which was assumed to be retained but was disposed of without notification by the Center. They suffered a sever loss as a result and have required extensive labor to rehab with limited help from the Center and due to many restrictions currently imposed on them by the Center. The new space provided for storage was greatly reduced in size. The new storage is significantly less than before. To help the groups involved at the Center to improve their situation it seems that the new facility should be made available for storage of materials necessary for continuation of their community activities as well as to be used for meetings and rehearsals . Groups involved in community oriented activities should be provided with appropriate space and time and Center support in order to be able to continue to provide those services to the community that we value so much. 983	Housing in Vienna is becoming increasingly expensive, especially as modest homes are being replaced by larger, more expensive homes. It's not good for us as a community, including morally and spiritually, to become an exclusive enclave of well-off residents. We need to lend a hand to those less well-off, and housing is one of their greatest needs. Put yourselves in their shoes and imagine their struggles to get by. Here we have land that could be used for a large number of housing units. Let's not put it to some relatively frivolous use, when so many are in desperate need of decent housing. 1016	I think there could be great opportunity for community building and use of space by providing more outdoor recreation/play spaces and places where the visual and performing arts can be showcased. Along a different vein, there is a serious lack of middle-income housing in Vienna, where long-term residents and younger people trying to live in the area are getting priced out. 1089	Please use the annex to increase green space and canopy tree cover in the town. I am concerned at the rate at which green space in Northern Virginia is being paved or built over.		35 to 44
1090	Please keep the environment in mind. We need to encourage walking/biking forms of transportation to this space instead of encouraging driving by adding huge amounts of car parking. I live on the very outer ring (about 1 mile) from the space and could easily walk to this space.		55 to 64

	If the Town increases traffic and parking, what will you do to ensure that police, fire/emt's, etc can respond? Center Street gets very congested already and a slow response puts lives at risk - is another pickleball or basketball court or parking worth it?	[redacted]	
1115	Vienna has pickleball, basketball (indoor and outdoor) facilities. Indoor and outdoor pools are available in the area. However, Vienna is running out of green space and the Annex represents a generational opportunity to secure a low maintenance green space requiring minimal investment (as opposed to pools, courts, organized sporting facilities). Teddy Roosevelt gave the U.S. the national park system and treasures such as Yosemite. The Town should consider this type of legacy. Be brave and do little to nothing - preserve the green space for the next generation of Vienna residents.		35 to 44

1153	We had been looking to relocate to live in Vienna for the past 2 years and we finally bought a house in Vienna and moving in the next week… I am a very active empty nester and currently very addicted to pickleball. I play almost everyday at Fairfax or Chantily. Just hoping for there are more places to play at Vienna especially for indoor courts. that way I don't need to go other towns to play.		55 to 64

1177	Anything to bring people together and keep people active is positive for the total community. Whether it's a concert, parade, ball game etc. if it's within the noise ordinance time-frame it falls onto the individual who placed themselves in said position understanding the township's guidelines-		35 to 44
1178	This is a small thing, but the town finally did remove the cross from the top of the former church steeple, which was needed to make sure the Town's Public Facilities are secular in nature. However, if possible, and depending on the long-term architectural upgrades to the facilities, removal of the steeple and replacement with a more simple copula more or less matching that on the Town Hall, may be appropriate and affordable.		55 to 64
1179	There is only one pool in Vienna, and it is part of the country club. A public swimming pool with a basic entry fee for citizens would be a wonderful addition to our beautiful town.		13 to 18
